WILLIAM L. PIERCE;
NATIONAL YOUTH ALLIANCE

Dr. William L. Pierce is Executive Director of the National Youth Alliance:

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On January 18, 1974, a confidential informant who has furnished reliable information in the past advised that Pierce and others representing NYA expected to appear in United States District Court, Alexandria, Virginia, on that date in connection with a petition filed by Pierce for an injunction which would restrain the Secretary of Defense from delivering American arms and military equipment to Israel and would order him to recover all arms and materiel already delivered. The source learned that the petition filed by Pierce was to be amended to include Lieutenant Colonel Archibald E. Roberts, United States Army (Retired), who is Director of the Committee to Restore the Constitution, Incorporated, Fort Collins, Colorado, and Richard B. Cotten, publisher of "Conservative Viewpoint", as parties to the suit filed by Pierce. According to the informant, efforts were being made by NYA representatives to induce Lieutenant General Pedro A. Del Valle, United States Marine Corps (Retired), who is Chairman, Defenders of the American Constitution, Annapolis, Maryland, and [redacted] who resides in [redacted] to enter the suit as petitioners.

WILLIAM L. PIERCE

The above informant subsequently advised on February 1, 1974, he had learned that the petition filed by Pierce for an injunction had been dismissed by the court. The informant stated that Pierce intended to ask for a new hearing on the petition on the grounds that the court had been prejudiced by unfavorable newspaper publicity concerning Pierce and the NYA. The source was unaware of the status of this proposed action by Pierce.

ACTION

INTERNATIONAL BULLETIN OF THE NATIONAL YOUTH ALLIANCE

No. 30

January 1974

THE NATIONAL OFFICE HAS BEEN BUSIER THAN EVER BEFORE. The basic reason is that there is a rising tide of discontent in America. The disillusionment with the System caused by the Watergate revelations, coupled with the frustrations of a soaring cost of living and the uncertainty and anxiety of the present energy crisis, has shaken millions of Americans out of their self-satisfied complacency and led them to look for new answers. With the economic situation worsening by leaps and bounds, our reluctantly awakening compatriots will not be given a chance to doze off again soon.

The consequence of this has been an enormous surge of public interest in NYA. New inquiries, requests for membership application forms and sample copies of ATTACK!, and bulk orders for leaflets and newspapers have been pouring into the National Office in an unprecedented stream. Nationwide mass distributions of NYA publications—especially the "Blackmail!" leaflet—have been attracting new attention to NYA and our message of hope for a new order and a better America.

The Enemy has not been unaware of this, and he has reacted to the new situation with a series of smears and libelous attacks against NYA in his controlled press. The first blast was an article which appeared December 13 in the WASHINGTON POST and was illustrated with photos of several of our recent publications. This article was also carried in more or less complete form by many of the approximately 300 other daily newspapers across the country which subscribe to the WASHINGTON POST's wire service.

Then on December 23 there was a front-page article in the NEW YORK TIMES citing a recent poll which supposedly proved that Americans love Israel more than ever, despite the activities of such "anti-Semitic" groups as NYA. That article referred specifically to the mass distribution of "Blackmail!" leaflets in Boston and Springfield, Mass.

The most vicious attack to date came the day after Christmas, when more than 600 newspapers carried an article by syndicated smear-columnist Jack Anderson. Various headlines "Hate Peddler Wins Tax Exemption" and "Nazi-like Group Exempt from Income Tax," the article was an anguished scream of outrage over NYA's status as a tax-exempt organization. Filled with lies, innuendoes, and half-truths, it attacked Dr. Pierce personally as well as NYA and particularly lamented the fact that NYA is able to mail ATTACK! at a special postage rate reserved for non-profit organizations: "Now, courtesy of the U.S. government, Pierce saves \$310 for every 10,000

Hate peddler wins tax exemption

By JACK ANDERSON

WASHINGTON — Under President Nixon, public interest groups have found it increasingly difficult to obtain tax exemptions. Yet a former Nazi, who once promised there would be "a Jew hanging from every lamppost in the country," had no trouble breezing through the bureaucratic morass at the IRS and getting his hate organization declared "exempt from federal income tax."

He is William L. Pierce, who runs the anti-Semitic, right-wing National Youth Alliance in Arlington, Va. Pierce, who has a PhD in physics,

A recent fund-raising letter asserted that "only a well-aimed bullet could have stopped the confirmation of Henry Kissinger..."

This scurrilous literature is now produced tax-free. For as of October 1973, Pierce's organization is no longer required to pay federal taxes.

A LETTER TO PIERCE from IRS District Director William D. Waters proclaims that the NYA is "not liable for social security (FICA) taxes," or for "the taxes imposed under the Federal Unemployment Tax Act (FUTA)." All "bequests, legacies, devises, transfers or gifts" to the NYA are also "deductible for federal estate and gift tax purposes..."

What's more, Pierce took his tax-exempt status to the Postal Service and wangled a ruling that his literature at the NYA is exempt from the rates reserved for nonprofit organizations.

Literature circulated in Boston, by the National Youth Alliance of Washington, with branches in Boston and Springfield, says that "America is being blackmailed" by a "gang of Zionists."

In an article on the alleged blackmail, the organization focuses on those it calls key Zionists at the controls of The Washington Post and The Times, among other newspapers.

But in Boston and Chicago and New York, among other places, Jewish leaders say they have seen no spillover of such material on the part of "responsible" quarters.

A collection of right-wing newspapers, bumper stickers and pamphlets calls for "end of blackmail by Zionists" and blames Israeli manipulations in the Mideast.

Interests in Congress and the Nixon administration has led to almost unlimited financial and military support of Israel. This in turn triggered reductions in oil supplies by the Arab nations to the United States, according to the literature.

At a minimum, the organizations urge elimination of U.S. aid to Israel and withdrawal of Israeli troops to the 1967 borders.

"We can restore the oil imports we need to keep the country running if we refuse to knuckle under to Zionist blackmail," says the National Youth Alliance leaflet. "If we demand that no more Ameri-

Pierce, of the youth alliance, would not reveal membership totals for the organization. He said he has been steadily shipping 100-pound bundles of the leaflets across the country at a cost of \$12 or 10,000 copies for \$100. In addition, the oil crisis has been a leading subject in the organization's 16,000-circulation newspaper, "Attack," which has drawn new readers and members, he says.

Pierce's group also deluged

Capitol Hill recently thousands of the "black leaflets printed on bright yellow paper."

SHADES OF WATERGATE! It looks like NYA has finally made the IRS "enemies list." This demand for material, including more than \$1,000 worth of our books, was the IRS response to syndicated smear-columnist Jack Anderson's attack on NYA and Dr. Pierce.

pieces of hate mail he sends out." Anderson followed up his newspaper smear with another blast at NYA on network radio and TV, in which he hinted darkly that Congress may launch a special investigation of NYA and its activities. Let us hope he is right. We have a few things to tell Congress!

These attacks may frighten away the fainthearts and the arm-chair warriors, but they will draw to us the determined men and women of character with whom we must continue filling our ranks so that we can fulfill our revolutionary mission.

The months ahead hold an unprecedented opportunity for us, and they demand unprecedented efforts and sacrifices. Now that the difficult, discouraging, and thankless work of the last three and one-half years is beginning to yield fruit, we must double and redouble our devotion to our task. If we fail to build a greatly strengthened revolutionary movement in 1974, History will not forgive us—and the Almighty may never give us another chance.

ANTI-SCHLESINGER SUIT ADVANCING. Dr. Pierce won a very minor preliminary skirmish with the government in a Federal court hearing January 11. At that time one co-plaintiff and one intervener were admitted to his suit, over the government's objections. The co-plaintiff is Mr. Richard Cotten, publisher of CONSERVATIVE VIEWPOINT, and the intervener is the Colorado-based COMMITTEE TO RESTORE THE CONSTITUTION, headed by Lt. Col. Arch Roberts. Other patriotic groups are also considering intervening in the suit.

The first real showdown in the suit, which asks the court to enjoin the Secretary of Defense from further illegal steps to involve America in the Arab-Israeli war, comes January 18. At that time the government's motion for dismissal will be heard, along with the plaintiffs' motion for a summary judgment against the government.

Meanwhile, Dr. Pierce is already about \$1,000 in the hole with legal expenses, having committed that much more than he has raised so far. Further contributions are urgently needed at this time!

ATTACK! NO. 25 IS ALMOST READY. The new ATTACK! has been severely delayed by the press of other matters at the National Office. It will be printed and mailed during the next few days, however, and it will signal some major steps forward for NYA.

COME TO WASHINGTON! Whether you are rich or poor, man or woman, factory worker, clerk, or student, there is a place for you in the Washington-area NYA organization. Your participation in building the strength and capabilities of the movement here can be a critical factor in the degree of success attained in the months ahead. Write—don't phone—for details.

the Movement in

ACTION

National Alliance: New Superstructure for Movement

movement of national liberation and regeneration in America has taken another major step forward with the formation of a new organization: the National Alliance.

Originally NYA was conceived as strictly a youth group, enlisting and directing the energies of persons under 30 years old. It was anticipated that,

as the movement grew, parallel organizations comprising other segments of the population would be formed: for example, a factory workers' organization, a retired persons' organization, an organization primarily for business and professional people, etc.

The actual task of organizing such groups is more easily

planned than performed, however, and for the past three-and-one-half years the resources available to the movement have been inadequate for any task beyond the continued building of the first group, namely, NYA. Thus, NYA has had to serve as a catchall for all persons attracted to the movement, because there was no other place for them to go.

This was not an ideal arrangement, because a "youth" organization has, by its very name, a limited appeal among many segments of the population who are otherwise ripe for recruitment into the movement. The manifest task of the National Office was to broaden the scope of appeal of the movement to include every American willing to collaborate in the task of building a new order in American life — and yet to do this without in any way sacrificing what had already so painstakingly been created in the form of NYA. This task became particularly urgent in the latter half of 1973, as the mood of the country began shifting perceptibly toward an anti-System attitude.

Rather than attempting to form another specialized organization co-ordinate with NYA, it was decided to create at this time a new formation which will serve

of joining either NYA or the National Alliance.

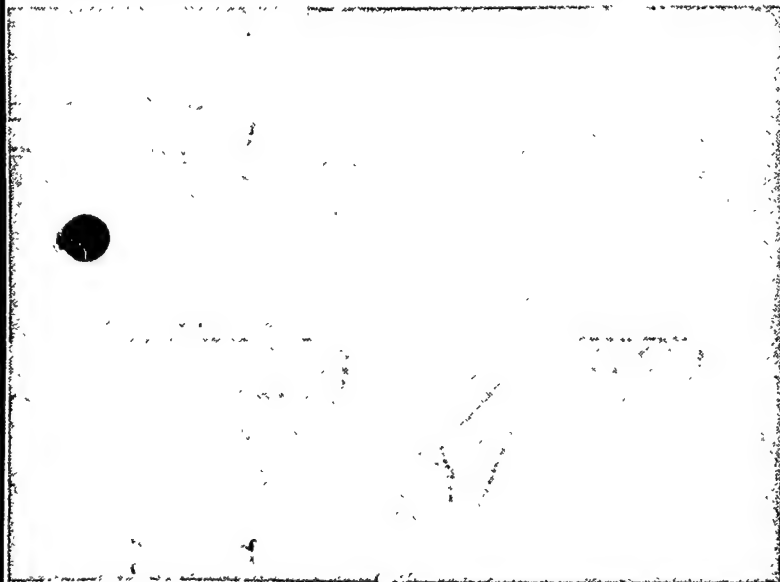

For the immediate future ATTACK! will serve as a blanket recruiting organ for both NYA and the National Alliance. The National Alliance, however, will issue its own internal bulletin, separate from NYA's ACTION.

The need for new organizers, office workers, legal advisers, writers, artists, editors — and financial contributors — will be especially severe during the anticipated period of rapid growth in 1974. All persons who can in any way help meet this need — especially those who are in, or can relocate to the Washington area — should contact the National Office immediately.

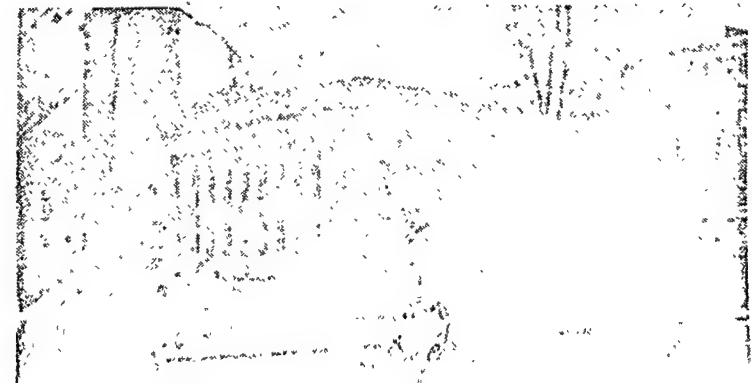

New National Office to Open

A new, larger National Office for the National Alliance / NYA will be opened in the Washington area March 1. It will greatly expand National Office facilities, which have been crammed into inadequate quarters for the past year and a half.

The work of the National Office staff should become more efficient in the new quarters, and it should be possible to cope more effectively with the enormously increased volume of orders, correspondence, and other work which has flooded the National Office in recent months.

ACTIVIST CHARLES WILLIAMS sells ATTACK! on streets of Springfield, Mass., after his working hours. Regular distributions of ATTACK! over a period of several months build community interest in the movement.

Two men arrested for racist slogans

Two supporters of the right-wing Western Guard were charged yesterday with public incitement to hatred after racist slogans were painted on construction boardings on Bathurst St. just north of Eglinton Ave.

Ronald Siksna, 30, of Jones Ave., and Gary Miller, 19, of Ashdale Ave., were released from custody and are to appear in court Nov. 26.

Western Guard spokesman Karl Wilhelm last night identified the two as supporters of his group. He said the Western Guard has been painting slogans such as "white power" and "a

white Canada" on walls in various parts of Metro.

Wilhelm said the Guard has "thousands" of active supporters, but membership files are "totally secret." The leader of the group, Don Andrews, received 1,816 votes in last fall's election for mayor of Toronto.

TORONTO STAR reports arrest of Western Guard members charged under Canada's "Hate Law" for painting "White Canada" slogans on walls in Toronto. Under the law, which is modeled on the so-called Genocide Convention, they may be imprisoned for two years. Trial is set for March 4. Jewish groups are pushing for a similar curb on free speech in the United States.

as a superstructure for an anticipated array of specialized, co-ordinate groups which will be formed as specific circumstances dictate. This new formation, the National Alliance, will remain generalized in its appeal and its membership and will guide and direct all the special-interest groups which will become parts of the movement in the future — including, of course, NYA.

NYA becomes, in effect, the youth arm of the National Alliance and, as such, will continue to play a prominent role in the movement. All present members and supporters of NYA have the option of remaining with NYA or transferring their affiliation to the National Alliance. Beginning March 1, however, a 30-year age limit will be established for new NYA members. Persons who have passed their 30th birthday and wish to join the movement after March 1 must become members of the National Alliance — until such time as a new co-ordinate organization with a special appeal for them has been formed. GOVERNMENT FORCED TO ADMIT DISRUPTION OF PATRIOTIC GROUPS Agents Ordered to Infiltrate and Neutralize

The Senate Watergate hearings have brought to light a vast governmental spy apparatus used against American citizens. Under the Nixon Regime, Tom Charles Huston (former chairman of Young Americans for Freedom) created the infamous Huston Plan to burglarize the homes of, tap the phones of, and open the mail of thousands of people opposed to Nixon's destructive policies. Later testimony at the Ervin Committee Hearings revealed how former Attorney Gen. John Mitchell set up his "DIRTY TRICKS SQUAD" to neutralize and destroy all political opposition to President Nixon. Mitchell gave special attention to right wingers who refused to support the infamous "America Last" policies practiced by the Nixon administration.

In addition to the Huston Plan and John Mitchell's "Dirty Tricks Squad" the FBI was ordered to set up a separate sabotage operation to be used against President Nixon's right wing opposition. On December 7, 1973, the FBI officially admitted conducting the "disruption" of conservative organizations. In this revealing document, the FBI described how (since the first Nixon term in 1968) they had infiltrated, tried to "disrupt, and otherwise neutralize the activities of the various organizations, their leadership and adherents." In addition to having provocateurs infiltrate patriotic organizations, there was incorporated a deliberate plan to smear rightists in the media, "through the cooperation of reliable news media sources" . . . "In instances where a reliable and cooperative news media representative or other source outside the Bureau is to be contacted or utilized in connection with a proposed counter intelligence operation, it will be incumbent upon the recommending office to furnish assurances the source will not reveal the Bureau's interest or betray our confidence." NYA: Alive and Well Here

By Paul W. Valentine
Washington Post Staff Writer

The National Youth Alliance—a hard-right group that believes in get-tough tactics against campus radicals and preaches the superiority of white "Western culture"—is alive and well in Washington.

(Excerpted from article by Paul Valentine)

As a part of this campaign to build up the agents provocateurs sent in to destroy rightists, the WASHINGTON POST began to give a huge publicity build up to a paper organization known as the National Youth Alliance. Most patriots are all too familiar with the silent treatment given to their activities by the establishment press. Therefore, it came as quite a surprise to see the super Zionist WASHINGTON POST running story after story about the non-actions of the tiny NYA operation and its odeous leader, Dr. William Pierce. The POST's repeated lauditory articles about the 40 year old "youth" leader were written by their top political reporter, Paul Valentine.

The connection between Pierce and Valentine did not become obvious until later during a legal suit (docket #CA-3880-71) Pierce had filed to harrass Liberty Lobby. Pierce documented his suit with information including a private letter addressed personally to Valentine. The reporter for the Zionist Washington Post voluntarily aided Pierce, an avowed "Nazi" and ex-information officer of the American Nazi Party.

During the course of the legal battle more ominous facts about Dr. Pierce were revealed. Under oath Pierce denied having any income other than that received from the Nazi Party, \$50 per month, until he was booted out of the party in 1970. Following that time Pierce swore that his only income was earned from operating the NYA. How Pierce managed to support two children in a \$50,000 home and drive a Cadillac were the questions that remained to be asked. When directed by the court to produce records of his income, Pierce dropped his suit and accepted a contempt of court citation rather than reveal the sources of his mysterious income.

How Pierce manages to run his NYA mailing organization operating out of an office located in a high-rise located in a high rent district of Arlington, Va., and maintain his "65 year old" National Youth Secretary, Charles McGuire in a private apartment in the same building is still a mystery. In fact in January 1974 Pierce felt prosperous enough to offer to "GIVE AWAY" 40,000 copies of his publication ATTACK.

June 24th, 1971

Dear Russ:

What beautiful writing and artistic signature you have! I used to be somewhat of an amateur graphologist, so I was just studying your characteristics. Many admirable, indeed, but others indicating a contrary attitude towards the "norm", which really means "average", which could mean anything, or nothing, which gets us to noplac, or Utzopia, as the Greeks would say.

(Please turn over)

The portion of a letter reproduced above is written to a NYA member from the NYA National Secretary Charles McGuire. It strongly appears to be an attempt to solicit one of the patriotic youths who naively joined the NYA into an unnatural relationship.

Though this ex-Nazi's close ties to the Zionist Washington Post appear to be conspiratorial, his favored status with the Federal Government are even more sinister. In Sept. 1971 Pierce was indicted by a Washington Grand Jury for sale of the stolen Liberty Lobby mailing list, which he had previously used to send attacks out directed against true patriotic organizations. Shortly after Pierce's indictment, an associate of Liberty Lobby was interviewed by the FBI and during the questioning he brought up the indictment of Pierce. The two FBI agents told him that the indictment would be nolle prossed and Pierce would not be prosecuted. Two months later after many promises to Liberty Lobby by the prosecutors office of a strong prosecution the case was dismissed at the request of the prosecution. Sources within the Justice Department have since stated that the order to dismiss Pierce's case came directly from the office of John Mitchell.

Mailing List Indictment Returned

The case of the puloined mailing list turned up in Superior Court yesterday as an official of a right-wing youth organization was indicted on charges of receiving stolen property.

According to the U.S. attorney's office, the property in question was a mailing list that vanished one night from the offices of a rival conservative group, the Liberty Lobby.

The indictment charges that Dr. William Pierce, editor-in-chief of the publications of the National Youth Alliance, "with intent to defraud, received property of Liberty Lobby ... consisting of a mailing list, which has been

stolen." The list allegedly contained 24,000 names.

It would mark the first time in Washington that anyone has been prosecuted for stealing a mailing list, court sources said. The indictment says the mailing list is valued at "more than \$100."

According to Liberty Lobby, one of the largest conservative lobbies on Capitol Hill, Pierce's group used the mailing list to send "poison pen" letters to its own adherents criticizing the heads of Liberty Lobby.

Although the two groups were once allied, the National Youth Alliance, an outgrowth of Youth for Wallace, parted company last year in an internal feud.

Pierce, a former member of the National Socialist White Peoples Party (formerly the American Nazi Party) in Arlington runs the National Youth Alliance newspaper, "Attack," said to reach 30,000 persons.

Disclosure Hearing

Set for Nov. 3-4

Associated Press

Long-delayed hearings on legislation to require members of Congress and other high-level federal officials to disclose their financial interests each year have been scheduled for Nov. 3 and 4, Sen. William B. Spong Jr. (D-Va.) said yesterday.

Stolen Mail List Charge Against Rightist Voided

An indictment charging right-wing leader William L. Pierce with receiving a stolen mailing list from a competing conservative organization was dismissed in Superior Court yesterday by Judge Alfred Burka, at the request of the prosecution. No reason was given for the action.

Pierce, a former functionary in the National Socialist White Peoples Party and now publications editor of the Arlington-based National Youth Alliance, was accused of receiving a 24,000-name mailing list belonging to Liberty Lobby, a conservative lobbying group here headed by Willis A. Carto.

Defense attorney John Harper said Pierce was prepared to prove that he acquired the list through legitimate purchase.

Pierce's National Youth Alliance, itself a mailing list spin-off from the 1968 Youth for (George) Wallace presidential campaign, was once affiliated with Liberty Lobby but broke off after an internal feud.

During normal times it would seem incredible to link an Attorney General of the United States with a "Nazi". However in testimony before the Water-gate committee and in several affidavits it has been exposed that Mitchell gave at least \$10,000 to the "Nazi's" in California to get American Party Voters to re-register Republican.

The most recent government favoritism showered on Dr. Pierce was the granting of an IRS TAX EXEMPTION and the right to use the lower non-profit postal rates. Not only is it unheard of for such privileges to be granted to a "Nazi" but Pierce received his tax exemption in less than six months - less time than it takes many churches to be granted these same privileges.

Ex-Nazi's Hate Group Is Tax Exempt

By Jack Anderson

Under President Nixon, public interest groups have found it increasingly difficult to obtain tax exemptions from the Internal Revenue Service.

Yet a former Nazi, who once promised there would be "a Jew hanging from every lamppost in the country," had no trouble breezing through the bureaucratic morass at the IRS and getting his hate organization declared "exempt from federal income tax."

He is William L. Pierce, who runs the anti-Semitic, right-wing National Youth Alliance in Arlington, Va. Pierce, who has a Ph.D. in physics and prefers to be called "doctor," was a self-admitted "personal friend" of George Lincoln Rockwell, the late fuhrer of the American Nazi Party. After Rockwell's death, Pierce became the Nazis' "assistant executive officer" and "ideological officer."

It was in this capacity that Pierce recorded a "dial-a-hate" message declaring "there is only one effective way to deal with rampaging blacks on our campuses — and in our cities — and that is to kill them."

In 1968, Pierce was found selling "Negro control equipment" out of his Virginia home. His "equipment" ranged from riot guns to chemical mace.

For the past three years,

Pierce has headed the National Youth Alliance, an offshoot of the arch-conservative Liberty Lobby. The original NYA, which was based in Washington, went out of business and, in 1970, was reincorporated in Virginia by Pierce.

The "new" NYA is largely a paper organization which does little more than publish hate literature and send out appeals for funds.

Its main publication is a tabloid called "Attack," which is frequently festooned with ghoulish pictures of maimed and disfigured bodies. They are described in rabid language as Arabs who fell victim to Israeli attacks.

A recent fund-raising letter asserted that "only a well-aimed bullet could have stopped the confirmation of Henry Kissinger. . ."

This scurrilous literature is now produced tax free. For as of October, 1973, Pierce's organization is no longer required to pay federal taxes.

A letter to Pierce from IRS District Director William D. Waters proclaims that the NYA is "not liable for Social Security (FICA) taxes" or for "the taxes imposed under the Federal Unemployment Tax Act (FUTA)." All "bequests, legacies, devises, transfers or gifts" to the NYA are also "deductible for federal estate gift tax purposes. . ."

What's more, Pierce took his tax-exempt credentials to the Postal Service and wangled the privilege of mailing his literature at the reduced rates reserved for non-profit organizations.

Now, courtesy of the U.S. government, Pierce saves \$310 for every 10,000 pieces of hate mail he sends out.

Pierce's most recent issue of "Attack," which he mailed at non-profit rates, contains a picture of Kissinger in the crosshairs of a rifle telescope. The same issue advertises Adolf Hitler's "Mein Kampf" and several "how-to" books on the construction of booby-traps, explosives and demolitions.

Footnote: An IRS spokesman told us that tax exempt status is usually granted on the presumption that "the organization has acted in good faith and has told us the "truth" about its operations. There are over 600,000 tax-exempt groups on record, the spokesman said, explaining it is impossible to investigate them all. Nevertheless, the IRS found plenty of time to investigate the Center on Corporate Responsibility, a public interest group that struggled three years for a tax exemption and won it only after a federal judge detected "political" influence against it.

Washington Whirl—White House aides, who rejoiced over

the departure of the domineering H. R. Haldeman, are now complaining about his replacement. The new staff chief, Gen. Alexander Haig, has been trying to bring military efficiency to the White House. Some aides find his military methods, however, even more offensive than Haldeman's.

Small Business Administrator Tom Kleppe is using paddleball politics to counteract a House investigation of his agency. He has been slipping up to Capitol Hill to play paddleball with his former colleagues in the House gym. He has also dispatched his aides to Capitol Hill to wine and dine congressional friends . . . Intelligence reports claim a dozen Soviet warships, complete with support ships, are now operating in the Persian Gulf. Apparently, they are guarding the approaches to the rich Arabian oil fields . . . A shoe-string citizens group is using a technicality in the new environmental laws to block a deer hunt, which the Interior Department had permitted in the Great Swamp National Wildlife Refuge in New Jersey. The group claimed that the hunters' indiscriminate killing would weaken the herd by taking the strongest animals and thus would alter the balance of nature.

This act on the part of Nixon's IRS is even more incredible when it is taken into consideration that Pierce has continually published detailed articles on how to build bombs and advocated the violent overthrow of the very government which grants him such favoritism.

REVOLUTIONARY NOTES ③

These Notes are intended solely to arm the patriot with detailed information on urban guerrilla warfare technique and materiel, thus overcoming the monopoly which Marxist activists presently enjoy in this area.

NYA assumes no responsibility for medical or legal difficulties which may ensue for the individual who engages in the construction or use of any of the devices, materials, or techniques described herein.

FGAN Bombs (1)

When commercial or military explosives are not available, an improvised explosive which is often very useful is fertilizer-grade ammonium nitrate (FGAN). This material is very cheap, very safe, and very readily available in large quantities without red tape or questions for the purchaser. Under the proper conditions, it is a powerful high explosive, suitable for medium-sized as well as large bombs.

FGAN is sold in 100-lb plastic-lined paper sacks by practically all seed-and-feed stores catering to farmers, particularly during the spring and summer months. It is not ordinarily handled by urban lawn-and-garden shops. A 100-lb sack currently retails for about \$3.75.

One point to keep in mind when purchasing FGAN is that ammonium nitrate is an ingredient

of a number of fertilizer mixtures containing other substances. Such fertilizers are designated by their percentage of total nitrogen content. Look for the total nitrogen content on the label. It should be between 33 and 34 per cent, corresponding to ammonium nitrate of 94-97 per cent purity. Other so-called "ammonium nitrate" fertilizers — one rated at 19 per cent total nitrogen content, for example, and containing only 60 per cent ammonium nitrate — are not suitable for explosive use.

Ammonium nitrate is a very insensitive high explosive. The necessity for strong confinement, a powerful initiating booster, or both to insure proper detonation has limited its use in medium-sized guerrilla bombs — although it was used with spectacular success by Red activists in a large bomb which destroyed the Army Math Research Center building at the University of Wisconsin last year.

When used in sufficiently large quantities (more than 100 lbs, say) strong confinement becomes unnecessary, and complete detonation can be obtained in a relatively non-confining container, such as an oil drum, a barrel, or even the bag in which it was purchased, provided the FGAN has been pre-sensitized and a sufficiently powerful booster is used. The most common sensitizing agents are hydrocarbon oils or waxes, although many other substances — such as powdered charcoal — have been used successfully.

Medium-sized bombs (10 lbs or less of FGAN) usually require strong confinement as well. Their manufacture is sufficiently demanding — but important enough — that a separate Note will be devoted to them in a later issue of ATTACK!

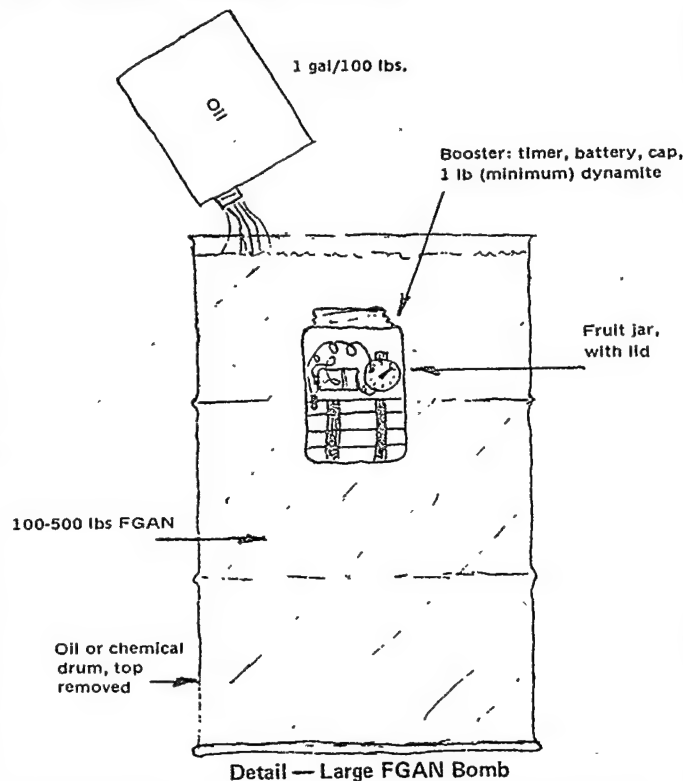

An arbitrarily large bomb may be prepared in empty oil drums or other suitable containers by mixing FGAN with fuel oil or automotive lubricating oil — even used crankcase oil — in the proportion of 1 gallon of oil to each 100 lbs of FGAN.

One pound of dynamite or TNT, primed with an ordinary electric or non-electric blasting cap, will provide a sufficient booster charge for detonation of the

FGAN/oil mixture. The booster should be protected from the oil by wrapping it in a plastic bag or enclosing it in a screw-cap jar before burying it in the sensitized FGAN.

FGAN is very hygroscopic, and the absorption of moisture from

damp air, if it is left in an unsealed container for a few days, is sufficient to make FGAN very much more difficult or impossible to initiate. It should remain in the unbroken bags in which it is sold until just before use.

More on Detonators

One ATTACK! reader sends the following suggestion in connection with Note 2, on the preparation of lead azide: "One of the raw materials needed, sodium azide, is used in a standard procedure for the determination of chromium. Thus, if any question is raised in procuring sodium azide from a laboratory stockroom, a water analysis for chromium will provide a plausible excuse."

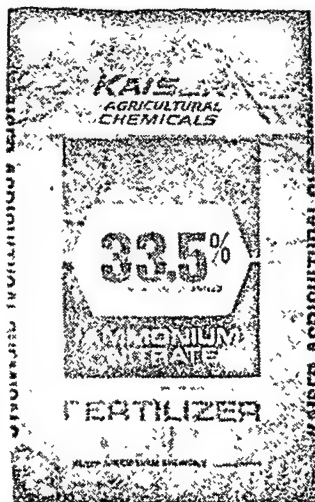

It might also be re-emphasized that the manufacture of detonators (or any process involving primary explosives) is potentially very hazardous. One simple precaution, which may mean the difference between the loss of several fingers and an eye or two, and merely a couple of burned or lacerated fingertips, is

the use of a cigar box, or similar container, as a blast shield.

Punch or drill a hole in the lid of the cigar box the same diameter as the tubing used for detonators. Glue a wooden block to the inside bottom of the cigar box so that when a detonator is resing on the block, only the upper 1/4" - 1/2" protrudes through the hole in the lid. A dimple or hole in the block about 1/8" deep is sufficient to hold the bottom of the detonator in place.

When filling and tamping detonators in this shield, remember never to have your head directly above the detonator.

In the next issue: incendiary bombs from plaster of paris.

In his attacks against patriots, Pierce joined forces with admitted "deep cover" CIA agent Wm. F. Buckley. Like Valentine, Buckley is also in the vanguard of Zionist operations. Buckley's Zionist control can be linked directly to the family's oil interests.

BUCKLEY'S THUNDERBOLT

Recent years have witnessed a serious decline of Buckley family influence amongst rank and file conservatives. The Buckleys' super-Zionist proselytism has been directly linked to the family's vast oil holdings in the mid-east. Loud mouthed Bill Buckley, Jr. has personally become persona non grata to responsible conservatives because of his notorious hoaxes and other abominations. The "Buckley Horrors," as they are widely known include Hoaxer Bill's full backing for gun control, his advocacy of preferential hiring for blacks, his public stand promoting genocide against the Lybian people, his fanatic attack against the anti-Marijuana laws (which is currently being used as propaganda by dope pushers), and his militant support of the criminal-filled Nixon administration and its pro-Communist foreign policy.

Except for a few CFR-approved Kosher Conservatives, no American rightists will touch the Buckley family with a ten foot pole. Seeking to restore their influence and power within the conservative movement, the Buckleys apparently established a number of secret ties to various sections of the right wing. Hoaxer Bill Buckley needed people to act as his hatchet men, because no one believes NATIONAL REVIEW any more.

One of the Buckleys' most active allies is THUNDERBOLT, a supposedly pro-White and anti-Zionist publication. At first glance such an alliance would seem highly improbable because both parties frequently take opposing public positions. Beneath the surface however, the THUNDERBOLT Gang and the Buckley Oil Mongers have much to gain by such a covert union of forces. Both sides have repeatedly defamed, smeared and lied about individual patriots, organizations, and publications which cannot be bought off by the ADL or CFR. By secretly joining forces, the Buckleys and Thunderbolt must hope to wipe out all sincere and true opposition to the CFR-Kosher establishment.

Over the years, THUNDERBOLT has spread various smears, distortions, and outright lies about real patriotic groups. THUNDERBOLT Editor, Dr. Ed Fields (a former horse doctor), repeatedly joined in with the Kosher Conservatives to smear and lie about the late George Lincoln Rockwell - a man who gave his life for his beliefs.

Recently, THUNDERBOLT has turned its smears against patriots who expose and fight against the Buckleys and their oil empire. When the publication STATECRAFT issued a full scale expose of Bill Buckley, Thunderbolt launched a full scale smear, packed with lies, against STATECRAFT. When LIBERTY LOWDOWN published details on the Buckley oil holdings, it too received a lying blast from THUNDERBOLT. The WASHINGTON OBSERVER has repeatedly published news about the Buckleys and their oil empire and as a result the W.O. received many twisted smears from the THUNDERBOLT wrecking crew. After Youth Action

indicted and convicted William F. Buckley, Jr. (for advocating genocide against the Lybian people) in its 1972 trial of CFR war criminals, Y.A. was also smeared by THUNDERBOLT. Apparently, the word has gone out that any group attacking the Buckleys or their oil empire will be smeared by THUNDERBOLT.

The strange behavior of THUNDERBOLT has caused us to launch a careful investigation of the Buckley-THUNDERBOLT alliance. In the December, 1970 issue, THUNDERBOLT heaped great praise upon the election of the rabidly pro-Zionist Senator James L. Buckley from New York. THUNDERBOLT stated "Rightists are encouraged by the Buckley victory." The supposedly anti-Semitic THUNDERBOLT went on to heap great praise and support upon the "Youth for Buckley," an ultra-Zionist group. "Youth for Buckley" was loaded with Jews both in its leadership and rank and file positions.

Senator James Buckley's militant support of Zionism was well publicized before the election. On October 30, 1970, a number of prominent Jews (Max Geltman, Rabbi Fink, George Jessel, Will Herberg, Joseph Dunner, Harry Hershfield, David A. Schulte, and NATIONAL REVIEW Editor, Frank Meyer) took out a large advertisement for James Buckley's candidacy in the NEW YORK TIMES. This quoted a few of James Buckley's many statements supporting Israel. One part of the Buckley quotations read "Our country has a special relation with the nation of Israel because of the circumstances of its re-creation, because of our close and multiple ties, because of the deep emotional link of many of our citizens, and because of the Israelis' valiant defense in these last years against communist-supported armies." The same ad quoted Buckley's all out support for the few Jews who want to leave Russia, but no statement was made about the horrible plight of the hundreds of millions of Christians enslaved by the Reds.

Dr. William L. Pierce Named "Patriot Of The Month"

Dr. William L. Pierce
Chairman Of The
Board "National
Youth Alliance"

The staff of The Thunderbolt voted this month to honor Dr. William L. Pierce, Ph.D. As "Patriot of the Month." Dr. Pierce gave up his position on the faculty of Oregon State University to become Chairman of the Board of the "National Youth Alliance," located in Washington, D. C.

Dr. Pierce was a research scientist before becoming a university professor. Biographical sketches of Dr. Pierce can be found in "Who's Who in the Southwest" and "American Men of Science."

Dr. William L. Pierce has written superb articles for a number of Right Wing publications before accepting the leadership of "National Youth Alliance." Besides directing the nation's largest organization dedicated solely to saving the youth for the patriotic cause, Dr. Pierce serves as Editor-in-Chief of "Attack," the youth

group's official publication.

This month we salute this patriotic leader for his outstanding sacrificial service to the cause for which we all fight. His rapidly expanding drive to awaken our youth and win them away from communism on the campuses of the nation is most certainly an admirable and worthy cause. With an ever growing sense of unity within the Right-Wing we look forward to the day when all groups can cooperate with one another and work in harmony for the common goal of victory for the RIGHT over the enemies of the LEFT.

It later came out that Dr. Pierce was working with Ed Fields in his THUNDERBOLT attacks against the anti-Zionist enemies of Wm. F. Buckley, Jr. Fields had been personally appraised of Pierce's roll as an agent provocateur in early 1971. Despite this warning, Fields used the pages of the June 1971 issue of THUNDERBOLT to praise Pierce as "Patriot of the Month." It turned out that Pierce was the only "Patriot of the Month" ever to appear in the pages of THUNDERBOLT.

It later turned out that Fields had joined forces with secret backers of Pierce to finance the mass mailings of tens of thousands of smears against real patriotic organizations.

An agent provocateur is a person who is trained to ~~USE~~ TROUBLE and stir up the seeds of discord within the group or organization targeted for neutralization and destruction. The FBI report quoted earlier in this dossier states matter-of-factly that the aim of our government is to send such agents to infiltrate and destroy all patriotic resistance to the socialist dictatorship now being effected in Washington and New York. In that report's words, "We must frustrate every effort of these groups and individuals to consolidate their forces or to recruit new or youthful adherents. In every instance, consideration should be given to disrupting the organized activity of these groups and no opportunity should be missed to capitalize upon organizational and personal conflicts of their leadership."

We have given a report on those few who have come to our attention so far, so that you might beware, not only, of these agents but of all those like them. We, you and I, are now under attack for our belief in our Constitution and our God. We are under attack by what was once our own government for trying to restore American Tradition and Freedom.

If we have opened your eyes to the immediate threat our movement faces we shall feel we have accomplished our immediate goal. We will not have won this battle, however; until all traitors within the patriotic movement are exposed and they, themselves neutralized.

~~CONFIDENTIAL - NO
FOREIGN DISSEM~~

WILLIAM LUTHER PIERCE

Dr. William Luther Pierce is Executive Director of the National Youth Alliance.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth for (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

A confidential source who has furnished reliable information in the past advised on February 12, 1974, that Pierce had been in contact with the Embassy of Saudi Arabia, Washington, D. C. The source was unable to give details regarding the extent and nature of Pierce's relationship with personnel of the Embassy of Saudi Arabia, beyond the fact that the Embassy had transcribed a letter for Pierce.

Pierce, Executive Director of NYA, seeking to enjoin the transfer of arms and military equipment to Israel by the United States Department of Defense is being appealed following an adverse ruling in the District Court. According to the above source, the NA/NYA offices consist of three rooms on the second floor at 703 South 23rd Road, Arlington, Virginia, which appeared to have been a private apartment in the past. Refreshments were served to the guests and the evening was spent in the exchange of small talk. No significant announcements were made, and the party was considered to have been less than stimulating by some of those in attendance.

NATIONAL YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in American.

On April 5, 1974, a confidential informant who has furnished reliable information in the past provided a copy of the April, 1974 (Number 26), issue of the NYA tabloid newspaper, "Attack!". An article appearing on pages six and seven of this publication entitled "IRS Moves to Censor NYA, Leaves Tax-Exempt Leftists Unmolested" states that NYA will file suit against the Internal Revenue Service (IRS) this month to halt alleged harrassment by IRS in its efforts to revoke NYA's tax-exempt status as a charitable or educational organization. The article alleges political pressure on IRS to revoke NYA's tax-exempt status was brought by Congressmen Hugh Carey (Brooklyn, New York) and Joshua Eilberg (Philadelphia, Pennsylvania) immediately following publication of an article concerning NYA and Dr. William Pierce, editor of "Attack!", by syndicated columnist Jack Anderson, which appeared in "The Washington Post and Times Herald", a daily newspaper published at Washington, D.C., on December 26, 1973. NYA claims that IRS demands in the matter are discriminatory and "a manifest attempt to stifle freedom of speech and freedom of the press".

The above article has been reproduced, and a copy is attached hereto.

NATIONAL YOUTH ALLIANCE

The April, 1974, issue of "Attack!" also carries an article on page two entitled "FBI Growing Threat to Freedom; Political Police Used Against White Groups", which cites published reports of the Federal Bureau of Investigation's (FBI) former counterintelligence program against racial and hate groups and alleges that termination of this program by FBI Director Hoover on April 28, 1971, did not diminish FBI harassment against "right-wing and racially oriented White (sic) organizations". The article then goes on to advise "patriots" on "how to deal with harassment from the System's (sic) political police until such time as the FBI once again is restricted to its lawful and proper functions".

The article, "FBI Growing Threat to Freedom", has been reproduced, and a copy is attached hereto.

The informant mentioned above advised on April 8, 1974, that NYA also is planning legal action against the United States Department of Justice to put a stop to the FBI practice of calling upon NYA members and subscribers all over the country, which allegedly has been going on for some time.

According to "Attack!", the taxpayer's suit filed by Pierce in United States District Court, Alexandria, Virginia, last October 26 seeking to restrain Secretary of Defense Schlesinger from continuing transfers of United States' war material to Israel has been appealed by Pierce's co-plaintiff, Richard Cotten, following an adverse ruling on February 15, (1974).

IRS Moves to Censor NYA, Leaves

The Internal Revenue Service is engaged in a determined effort to revoke the tax-exempt status of the National Youth Alliance as a charitable and educational organization. This action is intended to deprive NYA of the reduced bulk-mailing rate it now enjoys and at the same time prohibit its supporters from deducting their contributions to NYA from their taxable incomes.

NYA will file a suit in the U.S. District Court in Washington this month in an attempt to halt the IRS harassment, but meanwhile the National Office is being bombarded with demands, interrogatories, and ultimatums from the Baltimore office of the IRS.

The ADL Connection

It all began last December, when syndicated smear-columnist Jack Anderson, successor to his former employer, the late and unlamented Drew Pearson, began "investigating"

NYA's tax exemption. Assisting Anderson was Peter C. Reynolds, who has described himself as an investigative agent for the Institute for American Democracy, a Washington front for the Anti-Defamation League of B'nai B'rith.

The principal activity of the Anti-Defamation League (ADL) is compiling dossiers on American citizens considered unsympathetic to Jewish commercial and political ambitions. The ADL has long maintained close ties with Anderson and, formerly, Pearson. Many Pearson-Anderson smear-columns have been based on ADL-supplied information.

Interestingly enough, Peter C. Reynolds is also employed by the so-called "Liberty Lobby," a Washington fund-raising operation which specializes in accumulating the names and addresses of Americans who contribute to patriotic or "conservative" causes. There are also

other links between the ADL and "Liberty Lobby."

Immediate Effect

On December 26, 1973, an Anderson column was devoted to a vicious smear of NYA and Dr. William Pierce, the editor of *ATTACK!* The gravamen of the column, which was carried by about 600 daily newspapers, was Anderson's assertion that NYA is a "hate" group and that it is scandalous that such an organization should be tax-exempt.

Three days later Anderson repeated and enlarged his complaint about NYA's tax exemption on network radio and television. He suggested there would soon be a congressional investigation of the matter.

The effect of the Anderson smear was immediate and dramatic: On December 27 the first two letters from the IRS arrived at NYA's National Office.

In the next few weeks these were followed by another six—all sent via registered mail and demanding one response or another from NYA, while threatening termination of NYA's tax-exemption.

Outside Political Pressure

NYA leaders meanwhile learned that Jack Anderson was not the only one who had been prompted to light a fire under the IRS. At least two neo-liberal Congressmen—Hugh Carey, of Brooklyn, and Joshua Eilberg, of Philadelphia—wrote letters to the IRS demanding action against NYA.

One of the IRS letters received in February is photographically reproduced below. Because it gives an insight into the mentality of the IRS bureaucracy which wields such an unwholesome power over the lives of all Americans today, it is worth reading in full.

The IRS letter nowhere alleges that NYA's original application for tax-exempt status was fraudulent, misleading, or otherwise invalid. Instead, it creates the impression that someone in the IRS bureaucracy was simply asleep at the switch when NYA's application was being routinely processed.

Now that everyone has been rudely awakened to the fact that a heterodox organization slipped past the IRS Inquisitors, the error is being corrected. That's all. No hint of outside pressure is given.

To Build a New Order

Actually, half of that impression is probably correct. Although the IRS required no NYA publications to be submitted with the exemption application, it did receive a copy of NYA's articles of incorporation. Those articles plainly state:

"The purposes for which the corporation (NYA) is organized are to establish lines of communication with university students and other young Americans; to develop in those with whom communication is established an understanding of and a pride in their racial and cultural heritage and an awareness of the present dangers to that heritage; and to unify those with such understanding, pride, and awareness into an effective force for building a new order in American life."

Heresy

That should have been enough to tip off any alert and right-thinking disciple of the TV religion that heresy was afoot. The guardians of equality, democracy, and the other sacred dogmas of the corrupt System which rules America were indeed asleep at the switch when they

The Regulations under section 1.501(c)(3)-1(d)(2) define the term charitable as including the elimination of prejudice and discrimination and the defending of civil rights.

According to Regulations section 1.501(c)(3)-1(d)(3), an organization advocating a particular position may be educational for the purposes of section 501(c)(3) if it presents a sufficiently full exposition of facts rather than unsupported opinion.

The following extracts from your literature indicate an admittedly racist policy:

per day during the peak of their Vietnam campaign three years ago. They burned dozens of campus NCTO offices and wrecked scores of other public and commercial buildings. When they were unfortunately enough to be caught, massive legal-defense efforts were launched which usually achieved acquittals from intimidated judges and juries.

It doesn't do any good to make the excuse that the enemy controls the media and the Congress and has other advantages which patriots lack. The fact is that Western man is losing the war for survival now being waged worldwide, and we must do whatever it takes to begin winning."

"As I sat there and listened to our spokesman angrily object to the Senate's treason, I realized that, whatever it would take to fight things like this in the future--whether bullets or simply a more massive demonstration of protest than we were presently capable of mounting--NYA would have to go it alone. We would have to develop our own resources, our own manpower, our own tactics to do whatever needed to be done."

"Only a well-aimed bullet could have stopped the confirmation of Henry Kissinger as secretary of state."

At the end of an article entitled "Fullbright Does It Again" is a picture of Kissinger's head in the cross-hairs of a rifle."

The various materials distributed or presented by your organization include substantial amounts of data about the current objectives and activities of Zionism. However, these materials also include many allegations and charges that the Jews, as individuals and as a group, are of questionable national loyalty. Such charges are developed by the use of disparaging terms, insinuations and innuendoes.

"The fundamental rule of a new and proper American foreign policy must be the rule which should also be fundamental to domestic policy: Race is everything. The destiny of America is inextricably linked by ties of blood and culture to those of the other White nations of the world, whether in Africa, the Pacific or Europe."

"To suggest placing the destiny of the White race in such hands, to seriously consider submitting America in any way to the decisions of a body in which the vote of a Fiji Islander or a Botswana counts as much as that of a Canadian or a German, is criminal lunacy. Yet that is exactly what America's so-called leaders have already done, to a limited extent."

"NYA wants to develop in America a healthy cultural and racial approach to politics reflecting an understanding of authority, discipline, duty and honor."

Furthermore, such racist policies include as their primary objectives the destruction of civil rights:

"We want to safeguard our racial identity by putting an end to the present insanity of enforced racial integration, which is threatening all involved with social chaos, cultural dissolution and racial death."

"Some of the specific aspects of our fight against the System are:

"Opposition to all race-defiling efforts of the System, whether through school integration, forced housing, artificial job quotas, or other means."

Your literature insinuates that violence is a proper means to attain your ends:

"In the area of direct action patriotic performance has been negligible. A few brave souls have attacked the enemy with dynamite and gasoline, but their success has been slight and their casualty rate high. The anti-Americans, in contrast, were detonating an average of three dynamite bombs

"...it was obvious that the senators all had their orders and that the obnoxious little Zionist immigrant [Henry Kissinger] would be confirmed."

"Zionists believe in an alien ideology repugnant to all decent Americans. They are loyal to a foreign power: Israel. They have applied blackmail pressure to the government of the United States, forcing it to adopt policies which are favorable to Israel, but which are bad for the American people."

Based on our analysis of your literature we conclude:

a. Your activities are not charitable as defined in Regulations, section 1.501(c)(3)-1(d)(2) because, instead of helping to eliminate prejudice and promote civil rights, you promote a racist policy. This policy begets prejudice and promotes opposition to civil rights activity. Furthermore, the cumulative effect of your literature through the pervasive use of scurrilous language, innuendo and insinuation and the presentation of incomplete facts is the promotion of hatred.

b. Your activities are not educational as defined by Regulations, section 1.501(c)(3)-1(d)(3). Your attacks against specified persons and groups are not supported by a sufficiently full and fair exposition of the pertinent facts to permit the public to form opinions or judgments independent of those presented and, therefore, do not constitute instruction of the public within the meaning of the Regulations cited. Your language is replete with insinuation, innuendo and seeks to discredit the national loyalties of individuals and groups. See Revenue Ruling 68-263, C.B. 68-1, 256.

In view of the foregoing, we intend to recommend to the Assistant Commissioner (Technical) that the advance assurance of deductibility of contributions to you be suspended (as provided by Section 4 of Revenue Procedure 73-39, C.B. 1972-2, 818) pending a complete exoneration of your qualification for exemption. You may request a conference in this office within 5 days from the date of this letter. If we do not hear from you within the prescribed time, our recommendation will be forwarded to our National Office in Washington, D.C. where you will be afforded an immediate conference if desired. Within the 5 days allotted you may also file a written protest for us to transmit to the National Office along with our recommendations.

If you are to be represented by someone who is not one of your principal officers, he must file a proper power of attorney and otherwise qualify under the Conference and Practice Requirements.

Tax-Exempt Leftist

effort to revoke the tax exemption previously granted. Although repeated requests have been made to them for copies of all letters dealing with NYA's exemption which they have received from members of the Congress or government officials outside the Internal Revenue Service, they have consistently ignored these requests. They have refused to confirm or deny the receipt of any such letters, even when confronted with press statements from the offices of Congressmen Carey and Eilberg acknowledging their interference in the case.

"Routine Review"

Instead, the pretense has been maintained that the action against NYA is strictly the result of a routine administrative review of NYA's status, originating within the IRS and not in the news media or the Congress.

On February 14 Dr. Pierce replied to the IRS letter of February 11. He sharply questioned the District Director's restrictive definition of the term, "charitable," which limited it to "the elimination of prejudice and discrimination and the defending of civil rights."

Actually, the IRS Code states that charitable activities include: "relief of the poor and distressed or of the underprivileged; advancement of religion; advancement of education or science; erection or maintenance of public buildings or works; lessening of the burdens of government; and promotion of social welfare by organizations designed to accomplish any of the above purposes, or (i) to lessen neighborhood tensions; (ii) to eliminate prejudice and discrimination; (iii) to defend human and civil rights secured by law; or (iv) to combat community deterioration and juvenile delinquency."

Irrelevant Charges

Dr. Pierce then pointed out that the IRS charge of "racism" against NYA is completely irrelevant, since the IRS Code nowhere mentions this supposed sin. The fact that NYA's policies are based on racial considerations may leave it open to a charge of heresy from the high priests of the System's doctrine of neo-liberalism, but it has nothing whatever to do with NYA's status as a charitable and educational organization as defined by the IRS Code. Dr. Pierce's letter went on to say:

"You allege that NYA's 'racist' policies include as their primary objectives the destruction of civil rights. That allegation is false. The primary objective of NYA is, to the contrary, to restore to our people the civil rights they enjoyed before the present era of decadence and repression set in.

"One must suspect that when you refer to civil rights you have in mind a different set of rights and a different group of people to whom you feel those rights should belong than NYA does. Have you made the judgment that 'civil rights' should be restricted in meaning to the 'rights' of Negroes to be schooled with, to work with, and to live with Whites?

"NYA recognizes and strives to

defend a far more important and fundamental set of rights, namely, the right of individual and collective self-defense for White Americans; the right of racial self-determination; the right to freedom of association; the right to an honest, competent, and courageous government; the right to work, live, and raise one's children in a wholesome, healthy, and racially homogeneous environment; the right to preserve undefiled the cultural and genetic heritage of Western mankind; and many other long-established, though sometimes repressed, rights of our people.

"NYA has meritoriously chosen to defend precisely those civil rights whose defense has been largely neglected, or even opposed, by other tax-exempt organizations."

Twisted Meanings

Although the IRS charge that NYA looks upon violence as an acceptable means for gaining its ends is as irrelevant to NYA's tax-exempt status as the IRS charge of "racism," Dr. Pierce's letter pointed out that the citations chosen by the IRS to establish this charge are less than convincing.

For example, the IRS quoted a long excerpt from the October 1973 issue of ACTION, NYA's membership bulletin. In its original context the passage quoted was part of an argument for the use of the courts, not violence, in attaining NYA's goals. That issue of ACTION was primarily seeking support from the membership for Dr. Pierce's current lawsuit in the Federal courts against Secretary of Defense Schlesinger as a result of Schlesinger's illegal transfer of U.S. military equipment to Israel last year. The relative ineffectiveness of past violence from the Right was cited as one reason for turning to other means—in this case the courts.

Data about Zionism

In response to the IRS concern over NYA's treatment of the Jewish problem, Dr. Pierce wrote:

"You are correct in your assertion that NYA materials 'include substantial amounts of data about the current objectives and activities of Zionism.' NYA publishes this data as a public service, and it is in no way inconsistent with NYA's overall operation as an educational and charitable organization.

"You are also correct in your assertion that NYA's publications have alleged that 'the Jews, as individuals and as a group, are of questionable national loyalty.' This allegation, however, is backed by more than the 'disparaging terms, insinuations and innuendoes' you mention. It is also backed by facts, many of which you have recognized in NYA's articles on the current objectives and activities of Zionism.

"It is a common fiction in America that the Jews are people just like other Americans except that they go to a different church; that they have essentially the same values and objectives as other Americans; that they are no more ethnocentric and act no more in concert to promote their

special, group interests than do other ethnic groups, e.g., Scotch-Americans or Scandinavian-Americans; and that they do not have a divided national loyalty. This fiction is dangerous to the security and prosperity of all non-Jewish Americans, particularly in this period of Middle-East crisis, and NYA's publications have, from time to time, exposed this danger as a public service."

False Conclusions

In countering the false conclusions reached in the IRS letter, Dr. Pierce stated:

"The conclusions in your letter are wrong in every particular. As pointed out above, NYA does promote civil rights. Furthermore, NYA's civil-rights activity, far from begetting prejudice, has the effect of overcoming such prejudices as the unfounded belief that all races are equal and the superstition that racial mixing is socially and culturally beneficial to the races involved.

"Nor is the cumulative effect of NYA's publications the promotion of hatred, as you assert. At least, that is not the effect in normal, well-balanced persons.

"The intent and the effect of NYA's publications are to develop a sense of racial identity in persons of Western blood; to instill in them an appreciation of and a pride in their biological, cultural, and spiritual heritage; and to build bonds of love and racial solidarity uniting all men

"NYA activities are educational as well as charitable, contrary to your assertion. NYA's educational activities include, but are not limited to, the distribution of newspapers, pamphlets, leaflets, and books setting forth and explaining the facts of race and of history in a manner consistent with NYA's aforementioned charitable activities. The works of more than 100 authors, many of outstanding historical or scholarly significance, are among the items distributed by NYA in furtherance of its educational goals. Furthermore, many of these items are not readily available from other sources accessible to most Americans."

Stifling Free Speech

Dr. Pierce's answer to the IRS concludes with the charge that your letter is a manifest attempt to stifle freedom of speech and freedom of the press, as exercised by the members and staff of NYA.

"Viewed together with the publications and activities of organizations whose tax-exempt status you have not challenged, your letter clearly threatens: promote only those civil rights of which IRS approves; publish only those opinions with which IRS agrees; attack only those prejudices which IRS does not hold—or your tax exemption will be withdrawn."

Tax-Exempt Subversives

Approximately 600,000 organizations in the United States enjoy a tax-exempt status. The great majority of them are engaged in non-controversial activities to which the powers that be, as well as the general public, have no particular emotional reaction one way or the other.

But there are hundreds of them which are engaged in the full-time business of destroying America: some in the guise of religious organizations, others as educational, labor, or social-welfare organizations. Because these subversive groups have ties to the System, however, their status is never challenged by the IRS. Among these tax-exempt organizations is organized Jewry's secret police agency, the ADL.

Hypocritical but Not Suicidal

Actually, it is not surprising that the IRS, as an agency of the System, is unwilling to extend equal rights under the law to NYA. The System can hardly be expected to collaborate in its own liquidation. Thus, there is one tax law for those organizations ideologically in tune with the System and another tax law for those opposed to the System.

NYA is badly outgunned in its fight with the IRS, but there is a good chance that the fight, whether won or lost, will serve to expose to the public some of the hypocrisy and arbitrariness of one of the System's most oppressive agencies.

FBI Growing Threat to Freedom

Recent press stories dealing with the Federal Bureau of Investigation have created the false public impression that three years ago the FBI abandoned the quasi-legal and illegal harassment tactics it formerly employed against dissident political groups. The truth is that police-state tactics are as much in use as ever. The only change in policy by the FBI has been to cease using such tactics against New Left and Black militant organizations and to direct them solely against "White extremists."

Secret Documents Revealed

There was much clucking of tongues by media liberals when the FBI first revealed what had long been general knowledge but never before openly admitted, namely, the Bureau's policy of harassment of political groups. The revelation came last December when, in response to a lawsuit by Ralph Nader, a Federal judge in Washington ordered the FBI to cough up internal memoranda dealing with its so-called "counterintelligence programs" or, in FBI jargon, "COINTELPROs."

The COINTELPRO memoranda described a program of surveillance, intimidation, illegal arrests—even burglary—designed to disrupt and hamstring dissident political organizations of all complexions. In the words of the late director of the FBI, J. Edgar Hoover:

"The purpose of this program is to expose, disrupt, and otherwise neutralize the activities of the various (dissident) organizations, their leadership and adherents. It is imperative that the activities of these groups be followed on a continuous basis so we may take advantage of all opportunities for counterintelligence.... We must frustrate every effort of these

groups and individuals to consolidate their forces or to recruit new or youthful adherents."

Reaction to Criticism

Having raised the specter of an out-of-control political-police agency, Nader and the press then largely dispelled that specter. One of the FBI memos which they obtained and published was an edict from Hoover dated April 28, 1971, ordering the immediate termination of all COINTELPROs. At that time, with mounting press criticism of the Bureau, Hoover felt the COINTELPROs were too risky politically to be continued—that is the COINTELPROs directed against those groups for whom the news media had a sympathetic ear.

The actual outcome of Hoover's order of April 28, 1971, even though it specified the termination of all harassment programs, was simply that the scope of the FBI's harassment was restricted to those groups and individuals who could not enlist the support of the media in countering the harassment. In effect, this meant that the programs directed against right-wing and racially oriented White organizations continued in full force.

Since 1940

Unfortunately, this is by no means a new situation. It has been with us for 35 years.

From the time the FBI came into existence in 1924, it was engaged in a no-holds-barred fight with communist organizations in America. That lasted only until President Roosevelt ordered Hoover to lay off the Reds; however, shortly before the United States entered World War II.

But Roosevelt gave Hoover a new target in 1940: the various isolationist, anti-Jewish, anti-

communist, and pro-German groups which posed a threat to Roosevelt's efforts to develop a pro-war sentiment among the American people so that he could bring the country into the war then raging in Europe.

Throughout 1940 and 1941 Hoover's agents harassed the isolationists, broke up their meetings, arrested them on spurious charges, opened their mail, burgled their homes and offices to steal documents which could be used to blackmail them, and otherwise made their lives miserable and prevented them from effectively informing the American people of the conspiracy to use young Americans as cannon fodder to save the Soviet Union and to help the Jews wreak their revenge on Germany.

Media Collaboration

The FBI even turned over raw data from their files on isolationists to such media smear-artists as Drew Pearson and Walter Winchell, who then obligingly used the data to attack the unfortunate victims in their newspaper and radio columns. With very few exceptions they found no champions in the media, no one who would raise a public outcry against these police-state tactics. The media were already overwhelmingly in the hands of men who noticed repression only when it was directed against the Left.

After World War II, however, with Roosevelt dead and a growing public disenchantment with our former "gallant Soviet ally," Hoover was allowed to return briefly to his first love: using the Bureau against the communists. He dragged into the open the Rosenbergs and hundreds of other Red agents who had been allowed to carry on their destructive work unmolested during the war years. In this, there can be no doubt that

Letter to Atlanta

RE: COUNTERINTELLIGENCE PROGRAM
INTERNAL SECURITY
DISRUPTION OF HATE GROUPS

The Bureau is pleased with past successes achieved by our counterintelligence efforts in other phases of our investigative responsibilities. To insure our success in this new endeavor, the Agent to whom the program is assigned in each office must have a detailed knowledge of the activities of the racist groups in the territory and that knowledge must be coupled with interest, initiative and imagination. The Agent must be alert for information which has a disruptive potential. The information will not come to him -- he must look for it. The most effective way of being assured of keeping on top of the situation is to maintain close contact with those Agents who handle the investigation of the racial and hate groups and their membership and also to periodically review relevant files.

If an enthusiastic approach is made to this new endeavor, there is no reason why the results achieved under this program will not equal or surpass our achievements in similar-type programs directed against subversives.

PORTION OF RECENTLY DISCLOSED HOOVER LETTER of September 2, 1964, ordering harassment of racially oriented organizations. Note emphasis on spying for "information which has a disruptive potential." This surveillance and harassment of law-abiding citizens by an agency of the Federal government is typical, even though most taxpayers remain unaware that their taxes are financing such police-state activities.

the heat off the communists and directing it elsewhere.

Against All Boat-Rockers

But the mind of the political policeman is strange. He is not ideologically oriented, in general. He does not distinguish good "radicals" from bad ones. Anyone who is opposed to the System which pays the policeman's salary is an enemy. All those who are boat-rockers, all who are non-conformists, are regarded with suspicion.

He would as soon lock them all up as look at them. The only reason he doesn't is that he has learned that some of them can bite. Those are the ones who have the sympathy of the news media. So with doubled zeal he goes after the ones who can't bite.

Media Masters Protect Reds, Blacks

Hoover knew that the late Negro leader, Martin Luther King, Jr., was a front man for the Reds. He knew that King had attended communist training schools and received financing from the Southern Conference Educational Fund, the Southern arm of the Communist Party U.S.A.

He also had plenty of dirt on King's private life. He had films of King having sexual intercourse with white prostitutes in various motels during his "freedom marches."

But King was the darling of the media liberals, and Hoover knew they would scream bloody murder if he laid a finger on him. So he took out his frustration on the White opponents of school integration instead.

Actually, the FBI became increasingly restricted in its anti-Red activities since the late 1950's. After the so-called "McCarthy era," when the Bureau put a real crimp in the Red apparatus in America and scared the neo-liberal Establishment out of its wits, the media became more and more critical of Hoover and the FBI. Hoover, always sensitive to political pressure, gradually began taking

Treason, Yes; Anti-Zionism, No

And that, unfortunately, is about where it stands today. Ramsey Clark, Jane Fonda, and other traitors and degenerates can with impunity break Federal laws by consorting with the enemy in time of war. Daniel Ellsberg and his friends can steal top-secret military documents and publish them. Black revolutionaries can kidnap the daughter of a White multimillionaire and hold her captive for months, while the FBI twiddles its thumbs. But just let a patriot publicly criticize Washington's pro-Zionist policy in the Middle East, and the FBI will be nosing into his private affairs in a trice.

FBI Is Necessary

It may be regrettable, but it is a fact of life that political police are an indispensable prop for all modern governments, whether they are "totalitarian" or "democratic." The only difference is that the totalitarians are less hypocritical in acknowledging this fact.

Urban, industrial societies are such complex and finely tuned mechanisms that it is relatively easy for any determined and moderately well-disciplined group to throw a monkey wrench into their gears. Without a national, political police force to counter such groups, they can do an enormous amount of damage and will eventually pull down any government. Local police departments simply cannot cope with them.

The problem in America today is not so much that the country has become a de facto police state. Rather, it is that the wrong people are in charge of the police. The consequence is that patriots are harassed, and the real enemies of the nation are allowed to run at large.

How to Cope

The time will come when this situation will be reversed, but for now it is a cross which must be

See **POLITICAL POLICE**, p. 8

Political Police

borne. Patriots must consequently learn how to deal with harassment from the System's political police until such time as the FBI once again is restricted to its lawful and proper functions by a new government acting in the true interests of America.

The most important single idea for the patriot to bear in mind is that he must not let his awareness of the FBI's motives and tactics cripple his ability to carry out his own tasks in the struggle for a better America. He must avoid paranoia, a totally debilitating affliction, the seeds of which the System deliberately sows among its enemies.

Planting Fear

A recently published FBI memorandum explains that one of the reasons for the stepped-up program of FBI visits to the homes and places of employment of political dissidents is to let them know that Big Brother is always watching them. The memo goes on to urge agents to indicate that phones are tapped when they really aren't and that FBI raids are imminent when they're not. It concludes with the statement that the agent's goal should be to make dissidents fear "that there is an FBI agent behind every mailbox."

Such words may have a strange ring to American ears, but the author of that memo had a better understanding of the true mentality of the average citizen in this era than do all the authors of our high school civics textbooks, with their jabber about democracy, human dignity, individual rights, and freedom of expression.

A Nation of Jellyfish

The average American has no stomach for standing up against the System's political police and insisting on his rights. It doesn't matter how many times he has been told that the police are the servants of the people and that, as a tax-paying citizen, he is their employer; when two hard-eyed men in business suits come knocking at his door, flash their FBI credentials, and inform him that they want to ask him a few questions about his political beliefs, his heart turns to ice and his legs become unsteady.

Instead of becoming indignant at such a brazen intrusion into his private affairs, he becomes terror-stricken. Unreasoning fear causes him to imagine every sort of dire consequence, from loss of his employment to being held incommunicado in the basement of the Justice Department and tortured. The chances are that he will instantly resolve never again to say an unkind word about Big Brother, if only the System will leave him alone.

Dropouts, Informers

Thus, the simple tactic of compiling a list of the names and addresses of the activists in any troublesome organization, then making a call, at home or work, upon each one, can be counted on to permanently deactivate a certain percentage of the group. Those who are not deactivated will, nevertheless, tend to become jittery and suspicious and, consequently, less effective in their activity.

Finally, in every large group there will be a few persons of such weak character that they can be intimidated into becoming informers. FBI agents are

trained to spot these weak ones and to apply pressure to them as soon as they are spotted.

Never Be Defensive

After determining not to become paranoid, the second idea for the patriot-activist to bear in mind is the rightness of what he is doing. He must never let the System or its agents put him on the defensive.

Any member of our movement is doing what every White man and woman should be doing, but which most are too selfish or weak or ignorant to do at this time. He is, therefore, better than any employee of the System. He should not only know in his heart, but also show in his outward attitude during any encounter, that he is right and the System's man is wrong.

Know Your Rights!

The third thing to keep in mind is at least a rudimentary awareness of the protection still afforded American citizens by the laws. Theoretically, the political and ideological beliefs and activities of an American citizen are not legitimate concerns of the FBI. Unless the FBI has concrete evidence that a citizen has violated a specific Federal statute, it has no business investigating that citizen or his activities, beliefs, or associations.

That is the theory. In practice, FBI agents do whatever they are allowed to get away with. They, just like bureaucrats in the System's other agencies, will bully any citizen who is afraid to stand up to them.

The patriot-activist must always insist that the theory be upheld in every detail. If the FBI is not righteous enough to stick to its legitimate concerns, then we must help it avoid sin.

No Answers

Any member of our movement, upon being approached by an FBI agent who has properly identified himself, must first, before answering any questions whatever, ascertain the exact reason for the FBI's call. Unless the agent convinces the patriot that he is investigating a specific, non-political violation of a Federal statute — such as a narcotics offense or interstate transportation of a stolen automobile — and the patriot has specific knowledge which can help in the apprehension or prosecution of the criminal, the interview should be politely but immediately terminated.

No vague statements about an investigation of "conspiracy" or "violence" or "subversion" or, in fact, anything have the remotest possible connection to movement activities should induce a patriot to answer questions.

No Need for Justification

The right to privacy must be insisted on absolutely and, if necessary, indignantly and loudly. If a patriot has violated a Federal law and the FBI has solid evidence of that violation, nothing that patriot can say is likely to keep him from being arrested. If he has not violated a law, he need not try to convince the FBI of his innocence.

Never, under any circumstances, is he obliged to answer any questions; to justify his activities, beliefs, or associations; or to give any

Food Prices

sense of social responsibility. It has become a case of "every man for himself."

The result of a constant scramble by every group to get the biggest slice of the pie for itself, with a corrupt leadership which makes laws favoring whichever group is yelling loudest at the moment—or can pay the biggest bribe—is runaway inflation.

Wage-Price Spiral

One labor union extorts a huge wage increase for its members. All the others with sufficient muscle or political influence then try to follow the example set by the first.

Manufacturers then boost their prices to make up for their increased labor costs. Some take advantage of the general price rise to jack their prices up even if their production costs haven't increased.

accounting of himself whatever to an agent of the System.

Power of Publicity

One need not be obnoxious or arrogant about this, so long as the FBI accepts it graciously. If the occasion should ever arise when an FBI agent fails to apologize for his intrusion and make a hasty departure when politely informed that he has no business inquiring into the private affairs of a law-abiding citizen, the patriot should immediately, in the presence of the intruder, telephone the nearest FBI field office, ask for the special agent-in-charge, and complain vehemently.

If that does not produce immediate and satisfactory results, he should air the matter as thoroughly as possible in his local, daily newspaper and inform everyone else in a position of public authority, including his congressman. If there is one thing the FBI does not like, it is a public fuss. It shrinks from public exposure like a vampire confronted with a crucifix.

NATIONAL YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On April 3, 1974, a confidential informant who has furnished reliable information in the past advised that NYA was planning legal action against the United States Department of Justice in order to put a stop to the practice of the Federal Bureau of Investigation of calling upon NYA members and subscribers all over the country, which allegedly has been going on for some time.

The above source disclosed on May 22, 1974, that Dr. William L. Pierce, Executive Director of NYA, had been in contact with J. B. Stoner, National Chairman of the National States Rights Party, and had asked Stoner to represent the NYA in its suit against the United States Department of Justice for alleged harassment. The source said that Stoner deferred his decision on whether or not he would accept the case until he had determined his eligibility to appear as counsel in the suit.

A source has described the National States Rights Party as an anti-Negro, anti-Semitic, white racist political party composed of past members of klan-type organizations and other right-wing groups.

On June 10, 1974, a confidential informant, who has furnished reliable information in the past, advised that NYA hoped to bring several individuals to the Washington, D. C. (WDC) area in the near future for the purpose of selling the NYA newspaper, "Attack!", in the area. The informant also learned that NYA planned to inaugurate sales of "Attack!" by means of newspaper vending machines placed at strategic points around the area.

According to the above source, William L. Pierce reportedly had approached several individuals about selling "Attack!" in the area. The informant

learned that [redacted] of the National States Rights Party at Arlington, Virginia, and [redacted] an activist affiliated with the National Renaissance Party at Alexandria, Virginia, had considered selling "Attack!".

b6
b7C

A source has described the National States Rights Party (NSRP) as an anti-Negro, anti-Semitic, white racist political party composed of past members of klan-type organizations and other right-wing groups.

The National Renaissance Party (NRP) was founded in 1949, by James H. Madole, National Director. The NRP is headquartered in Madole's residence, 10 West 90th Street, Apartment 8, New York, New York. This organization has been described as anti-Negro, anti-Semitic and neo-Fascist.

The above informant advised on June 14, 1974, that the NYA had several newspaper vending machines on the street in the vicinity of Vermont Avenue and K Street, N.W., WDC, for the purpose of disseminating "Attack!". Reportedly, these machines were being serviced by [redacted] William L. Pierce.

b6
b7C

On June 14, 1974, an agent of the Federal Bureau of Investigation (FBI) observed NYA newspaper vending machines containing copies of "Attack!" on the southwest and northwest corners of Fifteenth and K Streets, N.W., WDC, and on the northwest corner of Vermont Avenue and K Street, N.W., WDC.

WILLIAM L. PIERCE

The informant referred to above disclosed on June 19, 1974, that [redacted]

[redacted] the NRP, planned to travel to Pocahontas, Pennsylvania, on June 22, 1974, in order to sell the NYA newspaper, "Attack!", at a Ku Klux Klan rally and cross burning scheduled to be held at Pocahontas on that date. The informant subsequently learned on June 21, 1974, that the Klan rally at Pocahontas had been cancelled.

b6
b7C

The above source advised on June 25, 1974, that the NYA had ten newspaper vending machines in operation, primarily in the K Street, N.W., area of WDC. These machines are serviced by [redacted] and contain ten to twenty newspapers each. According to the source, the NYA hopes to saturate the area with newspaper vending machines selling "Attack!", when sufficient people can be engaged to service the machines.

NATIONAL RENAISSANCE PARTY

The National Renaissance Party (NRP) was founded in 1949 by James H. Madole, National Director. The NRP is headquartered in Madole's residence, 10 West 90th Street, Apartment 8, New York, New York. This organization has been described as anti-Negro, anti-Semitic and neo-Fascist.

A confidential informant, who has furnished reliable information in the past, advised on August 7, 1974, that James H. Madole was scheduled to appear on a radio show to be broadcast by Radio Station WLMD, Laurel, Maryland, between noon and 2:00 p.m. on August 17, 1974. Reportedly, Madole was to be interviewed concerning his political and racial views as leader of the NRP and answer questions telephoned in by the radio audience.

The above informant advised on August 19, 1974, that Madole had not arrived at noon on August 17, 1974, when Dennis Richards' show featuring Madole began. Richards commented, however, that several of Madole's supporters were outside the radio station attempting to gain admittance. According to the source, Richards filled in the time reading NRP literature which had been sent to him in advance by Madole.

The source stated that at 12:30 p.m. on August 17, 1974, Richards announced that he had agreed to allow Charles White, an NRP member and leader of the Fighting American Nationalists at Hendersonville, North Carolina, to represent Madole on the WLMD radio show. Richards

NATIONAL RENAISSANCE PARTY

stated that it was supporters of White, rather than Madole's NRP "Storm Troopers", who were attempting to enter the radio station.

George Lincoln Rockwell, founder of the American Nazi Party, advised on February 23, 1961, that the Fighting American Nationalists (FAN) was an anti-communist organization formed in September, 1960. Rockwell stated that FAN was in consort with and guided by the American Nazi Party.

The American Nazi Party - The World Union of Free Enterprise National Socialists was organized by George Lincoln Rockwell on February 26, 1956, based upon the concept of an international "National Socialist" movement, as espoused by the German Nazi Party, which was headed by Adolph Hitler. On January 1, 1967, the official name of this organization was changed to National Socialist White People's Party (NSWPP). The NSWPP supports and follows the line of hatred against Blacks, Jews and communists through various propaganda media, demonstrations and other publicity-seeking devices for the purpose of seeking a legitimate dominant political party within the United States and in foreign countries. Headquartered in Arlington, Virginia, the NSWPP is currently led by Matthias Koehl, Jr.

NATIONAL RENAISSANCE PARTY

The informant said that during his radio interview, Charles White stated that FAN has 500 members and subscribers and 7,000 "friends" on its mailing list. He gave the address of FAN over the air as Post Office Box 278, Hendersonville, North Carolina 28739. White also indicated that FAN planned to hold rallies and meetings in Arlington and Alexandria, Virginia.

The above source reported that Madole arrived at Radio Station WLMD at 1:07 p.m. on August 17, 1974, and his interview with Dennis Richards commenced at that time. Madole remarked that he was late because he had become lost while trying to locate the radio station. Madole commented during the interview that the NRP has between 4,000 and 5,000 on its mailing list. He also mentioned that the NRP works with the Ku Klux Klan.

According to the informant, Richards stated that he had had one of Madole's "lieutenants" (referring to Joseph Curtis Bruen, NRP representative at Washington, D. C.) on a previous program. Madole replied that Bruen is not an officer of the NRP but is the local "Security Echelon" leader in Northern Virginia. Madole explained that the "Security Echelon" is a uniformed, para-military group which provides protection at NRP meetings and other events. The informant noted that Bruen was among the listening audience who telephoned in questions for Madole.

The source said that Madole commented during the radio interview that the NRP planned to hold meetings at Arlington and Alexandria, Virginia, following the program.

"Negro equality ! Fudge !! How long in the government of a God, great enough to make and maintain this Universe, shall there continue knaves to vend, and fools to gulp, so low a piece of demagogism as this."

(Notes for Speeches, September 1859, Vol. III p. 399)

"I will say then that I am not, nor have ever been in favor of bringing about in any way the social and political equality of the White and Black races--that I am not nor have ever been in favor of making voters or jurors of Negroes, nor of qualifying them to hold office, nor to intermarry with White people, and I will say in addition to this that there is a physical difference between the White and Black races which I believe will forever forbid the two races living together on terms of social and political equality. And inasmuch as they cannot so live, while they remain together there must be the position of superior and inferior, and I as much as any man am in favor of having the superior position assigned to the White race."

(Fourth Debate at Charleston, 1859, Vol III, pp. 145-6)

HOUSTON RALLY

On Saturday, July 6th, a Klan Rally was held just north of Houston, Texas. Despite rain and high winds, the outdoor rally was a smashing success with hundreds in attendance and the subsequent recruitment of many, many new Klansmen.

Prior to the rally, Mr. Duke was featured on two radio talk-shows in Houston, and on the Sunday following the rally he appeared on one of the most popular "country" stations in the Southwest: KIKK. (KIKK has no connection with the Klan) During the KIKK broadcast there was an avalanche of favorable calls on the air and the only two negative calls came from admitted Jews. The "Yiddish Yakers" were a real boost to the show because they made statements that could only arouse the fury of the White Christian audience.

Mr. Duke spoke about the Jews who have pushed the government decisions that have outlawed prayers in school and banned the singing of Christmas carols in many of them. One Jew caller asked, "Why should we Jews have to listen to Christian prayers and Christmas carols ? " Another Jew said, "I am proud of the leading role we Jews have played in Civil Rights." Both calls exposed the Jews better than any statement Mr. Duke could make on his own. The Jews are the ones that have pushed integration and the major pro-Communist causes in America. In reality, the Negroes have been the tools of these clever people in their effort to consolidate their ascendant position in society.

Many new members were recruited at the rally and the Texas Klan is growing larger and at a faster pace than it ever has. Its growth this year has outstripped its growth in the entire last decade. Everywhere the Klan is on the move !

NEW ORGANIZER IN NEW ORLEANS

A young man of rare abilities and talents is now directing the organizational work in the New Orleans area. His name is Mr. Greg Durel. Klansmen should note his name, for he is sure to go far in our Movement. Mr. Durel has given up a high position in finance company to devote his life to Klan work.

Upon announcing his intention to resign, the management tried to convince him to remain with the firm. He was offered both a raise and a lucrative new position within two years. He declined the offer because the success of the Klan Movement has become the most important thing in his life.

Mr. Durel is a talented organizer and speaker who is accented with a quick mind and real devotion to our cause. He will be coordinating the rally on the 23rd of August and will be leading Klan activity throughout the New Orleans--Jefferson area.

MESSAGE UNITS

NOTICE: Our Baton Rouge Klan message units were such an overwhelming success that there has been a temporary breakdown in the system. The answering equipment has received so many calls that it has broken down. New units have already been purchased and are being shipped to Baton Rouge immediately. Our units should be in operation again by the 5th of August.

The telephone numbers have been altered in Baton Rouge. The new message number is :
area code (504) 293-4745

MINI RADIO STATIONS

Because of the overwhelming success of the message units in Baton Rouge, the Klan is initiating a national program.

Klan message units are like having a mini radio station, enabling the Klan to spread its message of racial awakening to thousands. Just one hundred units can reach approximately one-half million people per week.

Our initial goal is 100 units operating within three months. This project will take a great deal of capital and hard work from many Klansmen all over the nation. Those who would like to contribute to this program should write MESSAGE UNITS on their envelopes.

COMMISSIONS

Every Citizen in good standing is receiving with this mailing a formal Commission of Citizenship. You may frame and display this commission if you so desire. The commission is predicated on Klan honor, and will be revoked from anyone who does not live by our Klan standards of conduct. May every Klansman live up to this high honor.

KLAN DUES (A NOTE)

During the summer months many Klansmen take vacations and lose contact for a while with our publishing offices. The Ku Klux Klan Movement does not take a "vacation" ! We must have membership support all year around. Be sure to enclose your Klan dues in the return envelope included with this bulletin and mail them today !

If you are behind in your dues, be sure to rush them to our offices. If dues are not received and neither is a note of explanation, Our Klan staff has no choice but to inform the failing Klansman and to ultimately recommend BANISHMENT if the Klansman proves dishonorable. 95% of all citizens honor their sacred commitments to our Movement. Remember, if you are experiencing extreme financial difficulty and cannot meet your stated pledge, send a letter of explanation. We want no Klansman to undergo the disgrace and unhappiness of BANISHMENT.

NEW CRUSADER DUE SOON

The fall issue of the Crusader magazine will roll off the presses about the third week of August. This issue will be 64 pages long and will be completely printed by a professional on a huge press in New Orleans. Each issue is currently doubling in the number printed, and each issue is a sell-out. The CRUSADER is bringing Klan publications to a new level of quality. Be sure to order extra copies of the next historic issue.

NEW ORLEANS KLAN RALLY

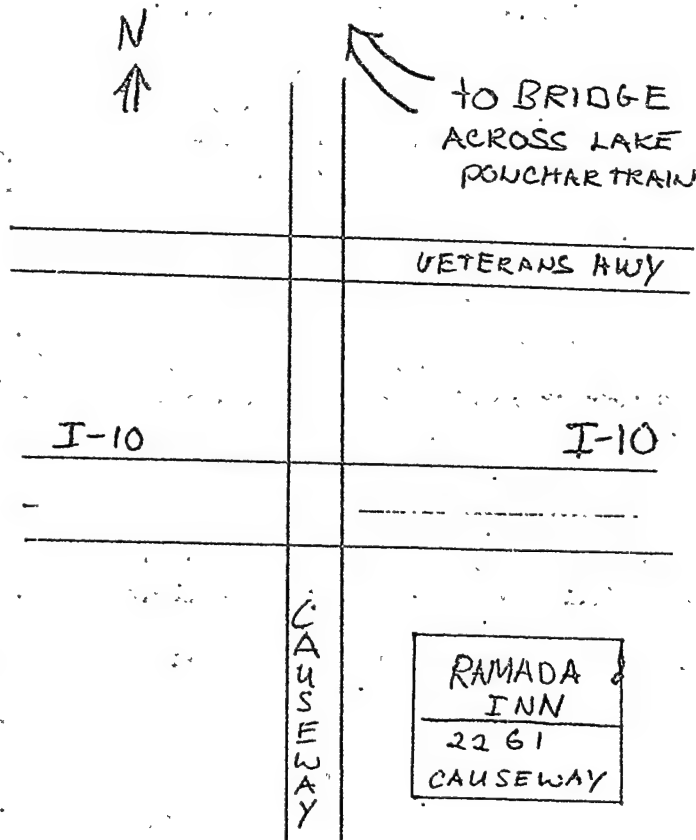

On Friday, August 23, at 8 PM, a Klan Rally will be held in the Terrace room of the Ramada INN at 2261 Causeway Blvd. in New Orleans.

Mr. Greg Durel is coordinating the rally in New Orleans and is in charge of the preparations. His phone number is : 486-6947

Mr. Durel, Miss Sharida Rizzuto, and Mr. Duke will address the gathering. Two radio and one television appearance have already been scheduled for Mr. Duke prior to the rally and there will certainly be tremendous response to them. In addition, fifty thousand leaflets announcing the rally will be distributed prior to the meeting, and newspaper ads are already being planned. The New Orleans rally is expected to be one of the largest of the summer, and all members in that area are expected to be in attendance if at all possible.

A special invitation is extended to Klansmen and their families from St. Tammany Parish. The rally site was especially chosen on Causeway Blvd. to make it more convenient for those living in the Covington area.

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NATIONAL

ALLIANCE

NATIONAL OFFICE: BOX 3535, WASHINGTON, DC 20007.

(703) 525-3223

Dear American:

Enclosed with this letter is a leaflet designed for immediate mass distribution all over America. It deals with a subject which deeply worries millions of patriotic Americans: the subversion of the democratic process in this country by the controlled news media.

We have all seen, during the past year and a half, the handful of willful and ambitious men who control America's news media ride roughshod over the rights of the American people. The voters elected a President, for better or for worse, and then the masters of the news media appointed themselves prosecutor, judge, jury, and executioner and hounded him from office.

Solely as a consequence of the news-media vendetta against Mr. Nixon, Americans must face the grave economic, social, and international problems which lie ahead without a leader of their own choice to guide the nation. Mr. Ford, regardless of his merits or shortcomings, was not chosen by the people, either as a Vice President or a President. To that extent Americans have lost the power to guide their own destiny.

The masters of the news media usurped that power for themselves. The task patriots now must undertake is to regain the rights which, in effect, have been taken from them.

The first step in breaking the stranglehold of the media masters on American public opinion is to identify them to the people. Most Americans have never even heard the names of the handful of men who exercise such an unwholesome power over the lives of us all! One of the purposes of the accompanying leaflet is to remedy that.

In order to break the conspiracy of silence which shields the media masters, our leaflets must be distributed by the millions all over the country. They must be read by workers and housewives, students and businessmen, from coast to coast and from border to border. They must be scattered along the sidewalks of Boston and Chicago. They must be placed under the windshield wipers of cars in Houston and Los Angeles. They must be strewn about college campuses and factory parking lots, around trailer courts and bowling alleys, in public buildings and sports arenas in every village, town, and city in our land.

If we all work together, we can distribute enough leaflets to begin waking America up. We can begin breaking the monopoly control which now exists over the dissemination of information to the public.

It will, of course, call for a certain amount of courage on the part of everyone involved in this effort, because of the identity of the media masters.

If America's news media were controlled by a tightly organized gang of Tibetans, say, or Hopi Indians, no one would hesitate to protest against the danger of so much power being concentrated in the hands of such a small minority. But because the media masters are Jews, there is only an embarrassed silence. Americans have been so brainwashed by the media that they are afraid to express any criticism of Jews, lest they be labeled "anti-Semites." Patriots must overcome this fear and act boldly to spread the truth!

The members and supporters of the National Alliance and our youth arm, the National Youth Alliance, have taken the lead in the campaign to wake up America about the media masters, but we also need the active participation of many thousands of other Americans to assure the widest possible distribution of our leaflet. That's why I have written you.

We are printing very large quantities of leaflets and are packaging and shipping them using volunteer labor. This allows us to set the price low enough so that everyone can afford to buy a batch of these leaflets for distribution in his own community. There's no money in it for us, and, in fact, we won't even break even on the cost of paper, postage, and overhead without contributions from the public.

Even if you've never distributed a single patriotic leaflet before, you should order the largest quantity of these leaflets you possibly can. Please do it now, while there's still time to wake up America!

Sincerely,

W. L. Pierce

P.S.: In order to get them to you as soon as possible, we are shipping all orders for more than 50 leaflets by United Parcel Service (unless your only address is a post office box or you live in Arizona, Idaho, Montana, Nevada, or Utah, in which case we will ship via U.S. mail). Who Rules America?

In November 1972 the American people went to the polls and chose Richard Nixon as their President by an overwhelming majority. Early in 1973 the handful of men who control America's news media began an all-out campaign to overrule that choice, and they eventually succeeded in forcing the President from office. They employed hundreds of vicious political cartoonists, sarcastic TV commentators, and grotesquely biased newspaper columnists and editors, who used every technique of

modern propaganda to undermine the public's confidence in the man they had elected. They used their network of spies and informants in every branch of government to obtain highly confidential information which could be used against Mr. Nixon. Even FBI files and top-secret military documents were stolen and published. They hammered at the same theme day after day month after month, gradually turning public opinion against the President.

The media masters deliberately built up the Watergate break-in from a routine case of political espionage to a scandal of unprecedented magnitude.

Nixon himself, of course, is indefensible. We all know that he broke the law and lied repeatedly to the American people. He committed, in fact, far worse crimes than Watergate by introducing, implementing, or condoning policies contrary to American interests. These policies ranged from forced racial busing of school children and "no-win" conduct of the Vietnam war to involving the United States in the Middle East conflict and allowing the economically ruinous sale of wheat to the Soviet Union in

1972. But the things for which the media masters condemned Nixon were things of which his predecessors in the White House were at least as guilty. Lyndon Johnson, for example, used the Presidency to enrich himself enormously. Can anyone doubt that the influence peddlers who surrounded LBJ were every bit as corrupt as Agnew, Ehrlichman, and Connolly? Nor do the men in Congress who collaborated with the media in attacking Nixon have clean hands.

The media masters viciously attacked Mr. Nixon for the very same crimes they ignore in others. They not only wield an awesome power, but they wield it capriciously and unfairly.

They boost those whom they favor, suppressing unfavorable news about them, but they go to any length to destroy those who oppose them. Elliott Richardson, the former attorney general, is a favorite of the media, and they always bill him as Mr. Clean. Yet Richardson has a long and unsavory police record of convictions for drunken driving and hit-and-run driving which the newspapers and the TV networks

have concealed from the American people. Henry Kissinger is another man who always receives praise from the media masters, and they have kept his long record of affiliation with national security risks from the eyes of the public. But when they decide to "get" someone, as was the case with Mr. Nixon, they will stop at nothing to destroy their victim.

The media masters have subverted the democratic process through their biased treatment of the news.

Acting utterly without scruple, restraint, or a shred of objectivity, they use their monopoly control over the news media to shape public opinion. They shade and color

the news to suit their aims. They make and unmake politicians, and they swing elections. They have usurped the powers which rightly should belong to the people.

The media masters have become the de facto rulers of America.

Until the American people break up the media monopolies and take back the power

they have usurped, America will be in grave danger.

How They Rule: The Media Monopolies

the forced resignation of on has demonstrated to all us the awesome power of vision and the press. The sters of the mass media can e artifical stature and pularity to any politician they e — just as they can wreck career of anyone they like.

hat is a dangerous enough ver under any conditions. In erica today it is made in- tely more dangerous by the ncentration of this power in hands of a small number of ple — all members of the ne tightly organized ority group with special, up interests differing from se of the American people.

Television News

onsider, for example, the news broadcasting industry. s is probably the single most uential mass medium.

irtually all national and ernational TV news in the U. is filmed, edited and adcast by just three or- ations: American Broad- ting Companies, Inc. (ABC), umberia Broadcasting stem, Inc. (CBS), and tional Broadcasting Com- y (NBC). The last is not an ependent corporation, but is subsidiary of Radio Cor- ation of America (RCA).

ABC

he president and chief cutive officer of ABC is nard Goldenson. The eral manage of ABC News is rtin Rubenstein, and under Rubenstein, as executive ducer of ABC's TV-news grams, is Avram Westin.

CBS

he top man at CBS is irman of the Board William Paley. The CBS News sub- ary is run by President hard S. Salant.

NBC

Robert Sarnoff is president, f executive officer, and irman of the board of RCA.

The president and chief operating officer of NBC itself is Herbert S. Schlosser.

Alien News Monopoly

The major broadcasting corporations employ thousands of persons in executive positions, but the seven men named above are at the key control points. They are the ones who have the ultimate decision-making authority. They dictate what 210 million Americans shall learn of what has happened in the nation and in the world each day. All seven of them — Goldenson, Rubenstein, Westin, Paley, Salant, Sarnoff, and Schlosser — are Jews.

Newspapers Too

After television, daily newspapers are the most influential mass medium in America. Sixty-two million of them are sold (and, presumably, read) each day.

Those 62,000,000 copies are divided between some 1,700 different publications. One might guess that the sheer number of different newspapers would in itself provide a guarantee against minority control of this important medium. Unfortunately, such is not the case.

Today, more than half the daily newspaper circulation in America is controlled directly, and the remainder indirectly, by Jews, a minority group which makes up only 2.9 per cent of the total population. This extraordinary and dangerous situation has resulted in the press in America becoming, for all practical purposes, an instrument of Jewish policy.

The use of the press by the Jewish minority to set the policies which affect the lives of all Americans could hardly be better illustrated than by the examples of the nation's two most prestigious and influential newspapers: the New York Times and the Washington Post.

New York Times

The New York Times is the unofficial social, fashion, en-

tertainment, political, and cultural guide of the nation. Its influence and ideas reach into every stratum of American life. It is sold in virtually every community in the United States.

The New York Times (originally New York Daily Times)-was founded in 1851 by Henry J. Raymond (1820-1869) and George Jones (1811-1891).

Shortly after Jones' death in 1891, the newspaper experienced a drop in advertising revenue that forced it near bankruptcy. As a consequence Adolph Ochs, a wealthy Jewish publisher, was able to purchase the paper from Jones' estate in 1896 for a modest price. After Ochs' acquisition of the New York Times, advertising revenues rose dramatically.

The present Jewish owners of the newspaper, the Sulzberger family, are related to Ochs through the marriage of Ochs' daughter, Iphigene, to Arthur Hays Sulzberger in 1917. Their son, Arthur Ochs Sulzberger, is the paper's current president and publisher.

Washington Post

A close second to the New York Times in national influence is the Washington Post, which, by establishing its "leaks" in most governmental agencies in Washington, has an inside track on news involving the Federal government.

The Washington Post was founded in 1877 by Stilson Hutchins and purchased from him in 1905 by John R. Maclean.

In 1933, at the height of the Great Depression, Maclean was forced into bankruptcy, and the Washington Post was sold at auction to Eugene Meyer, a Jewish financier, for a trifling \$825,000.

The Washington Post is presently run by Katharine Meyer Graham, Eugene Meyer's daughter, who is the principal stockholder and board chairman of the Washington Post Co., and Larry H. Israel,

who is the president and chief operating officer.

The Washington Post Co. also owns Newsweek magazine and a number of radio and television broadcasting stations.

Instinct for Power

And the situation is even worse — if that if possible — in the motion-picture industry and other media. Jews, with an uncanny instinct for power, insinuated themselves into every nook and cranny of the communications industries decades before the profound influence of the media on public opinion and the democratic political process was generally recognized.

During the early part of this century they established their bridgeheads in the press, motion pictures, and radio broadcasting. By World War II they were already in a commanding position. In the period since 1945 they have so tightened their grip on the mass media that they exercise a virtual monopoly control.

Leading America by the Nose

Coordinating their business interests with their political interests, they have not only profited financially from their control of the media but they have used that control like a ring in America's nose to build a power base for themselves which few dare oppose. They can make Congressmen and Presidents and — as Watergate has so clearly shown — break them at their pleasure.

This Jewish control of the American mass media is the single most important fact of life, not just in America, but in the whole world today. And there is nothing: famine, inflation, fuel crisis, war — more dangerous to the future of our people.

Until this Jewish control of American public opinion is broken, continued misfortune, confusion, and decadence shall be our lot, and there can be no national liberation or regeneration.

[redacted]
A confidential informant who furnished reliable information in the past advised on September 11, 1974, that [redacted] a National Youth Alliance activist at [redacted] had recently visited National Youth Alliance Headquarters, 703 South 23rd Road, Arlington, Virginia. Reportedly, [redacted] stayed with [redacted] at the latter's residence in [redacted] during his visit to the area.

b6
b7C

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

According to the above source, [redacted] conferred with Dr. William L. Pierce, Executive Director of NYA, about the possibility of moving to the area in order to work at NYA Headquarters; however, [redacted] reportedly was unable to find a job with which to support himself in the Washington, D. C. area and decided to return to [redacted] is said to be a [redacted] for which there is little demand in Washington.

b6

The informant learned that [redacted] is fully committed to NYA ideology and objectives and intends to continue working for these objectives at [redacted].

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

On November 20, 1974, a confidential informant who has furnished reliable information in the past, advised that a "working meeting" of NYA members and supporters was to be held on the evening of November 24, 1974, at 7:00 p. m., at 703 23rd Street South, Arlington, Virginia. Reportedly, plans would be formulated at this meeting for future NYA organizational activities in the Washington, D. C. (WDC), area.

A second confidential informant who has furnished reliable information in the past advised on November 25, 1974, that the NYA meeting on November 24, 1974, was conducted by Dr. William L. Pierce, Executive Director of NYA, who discussed the present activities of the NYA and organizational objectives for the immediate future. [redacted] a recent addition to the NYA staff, also spoke at the meeting concerning efforts to promote NYA political views through distribution of the NYA tabloid newspaper, "Attack!", and various leaflet and other propaganda distributions designed to publicize the NYA.

The informant said that the most significant matters discussed at the meeting on November 24, 1974, were plans for regularly scheduled public meetings with guest speakers and periodic "working meetings" for NYA members and supporters. He learned that public meetings will be advertised by leaflets and in "Attack!", and that the first such meeting would be held

The next "working meeting" is scheduled to be held on December 15, 1974. According to the informant, there was considerable discussion at the meeting concerning the NYA newspaper, "Attack!", and suggestions for its improvement were received from those in attendance.

The informant last mentioned above stated that approximately eight people attended the meeting on November 24, 1974, in addition to the NYA staff members. Reportedly, Pierce remarked that those in attendance represented only about one-third of the NYA members and supporters in the Washington, D. C., area.

On November 26, 1974, a confidential informant, who has furnished reliable information in the past, provided a copy of a leaflet published by NYA captioned "No More War!". This leaflet has been reproduced, and a copy is attached hereto.

According to information furnished by the above source, the leaflet was disseminated in the vicinity of the Pentagon, Washington, D. C., on the morning of November 25, 1974.

The militant language used in one paragraph of the attached leaflet is quoted as follows:

disobeying orders which put Israel's interests ahead of American interests. The time has come for civilians to engage in acts of civil disobedience - even sabotage - in order to halt the further involvement of America in Israel's military schemes. The time has come to punish traitors. The time has come to put America first. Help the National Alliance do it!"

The above informant stated that this provocative language was purposely used to arouse the mass news media and provide nation-wide publicity for the National Alliance.

(According to the May, 1974, Number 27, issue of "Attack!", the tabloid newspaper published by NYA, the NYA is the "youth arm" of National Alliance.)

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

No More War!

The Zionist minority in America, in collaboration with the Secretary of Defense and other high government officials, is trying to railroad America into another war. If Washington continues to support Israel's war aims against her Arab neighbors, then America will certainly become involved in the next outbreak of Middle East fighting. We

are still suffering from the effects of U.S. support of Israel before and during the October 1973 fighting. That caused an enormous increase in the price the Arab oil-producing nations charge America for oil, and it caused the temporary oil boycott which wreaked such havoc in the American economy.

Another oil boycott against America will be the certain consequence of renewed Middle East fighting, and it will disrupt America's economy far more than the last one did.

As Senator Fulbright, chairman of the Senate Foreign Relations Committee, warned recently, a new oil boycott will probably cause another Great Depression in America. Millions will lose their jobs, their homes, and their savings. When that happens there will be overwhelming pressure for America to take direct military action against the Arabs and attempt to seize the Arab oil fields. And

that will bring us into direct conflict with the Soviet Union, which also has vital interests in the Middle East. Since the Israelis have already threatened to use nuclear weapons against the Arabs, a direct U.S.-Soviet confrontation in the Middle East may result in Armageddon, as Senator Fulbright has warned.

But the Zionists don't care what happens to America. They are willing to fight to the last American GI and the last American dollar to hold onto their ill-gotten Arab land.

America's arsenals are already being stripped bare by Israel's insatiable demand for military weapons and munitions. Hundreds of our latest tanks and aircraft, thousands of heavy guns and missiles, and millions of tons of bombs, ammunition and napalm have been robbed from active-duty units of our armed forces and sent to Israel, crippling our ability to defend America's vital interests. During the October 1973 fighting

more than 600 new M60 tanks were "borrowed" from U.S. armored units, mostly those stationed in Europe, and they haven't been replaced yet. Instead, even more M60 tanks are being sent to Israel as the Zionists prepare to launch a new pre-emptive war. More recently, half the entire U.S. inventory of our new, wire-guided, anti-tank missile launchers were spirited out of the country and sent to Israel.

America's defenses have been dangerously weakened by the "Israel first-America last" policy of Secretary of Defense Schlesinger and other Zionist or pro-Zionist officials.

The damage that has already been done to America's economy and armed forces by this subordination of American interests to those of a foreign power is enormous. Infinitely worse damage will occur if this policy is continued. And it will be continued as long as

the Zionists have the Congress and the White House in their pockets. Only when the American people rise up, as General George S. Brown, chairman of the Joint Chiefs of Staff, said recently, and break this Jewish lobby will the policy be changed.

The time has come for a rising up!

The time has come for military personnel to seriously consider disobeying orders which put Israel's interests ahead of American interests. The time has come for civilians to engage in acts of civil disobedience — even

sabotage — in order to halt the further involvement of America in Israel's military schemes. The time has come to punish traitors. The time has come to put America first. Help the National Alliance do it!

When General Brown recently made a public statement revealing the extent of Jewish control over the lives of Americans, there was consternation in the news media. General Brown had done a "no, no." He had told the American people the simple truth.

How have the facts of Jewish control of America's foreign policy and her economy been kept secret for so long? Why is such a fuss made when one brave man speaks the truth?

The answer is that the Jews have managed to gain a monopoly control over America's news media, and they use their monopoly to determine what the people shall know and what they shall not know.

Television News

Consider, for example, the TV-news broadcasting industry. This is probably the single most influential mass medium.

Virtually all national and international TV news in the U. S. is filmed, edited and broadcast by just three corporations: American Broadcasting Companies, Inc. (ABC), Columbia Broadcasting System, Inc. (CBS), and National Broadcasting Company (NBC). The last is not an independent corporation, but is a subsidiary of Radio Corporation of America (RCA).

ABC

The president and chief executive officer of ABC is Leonard Goldenson. The general manager of ABC News is Martin Rubenstein, and under Mr. Rubenstein, as executive producer of ABC's TV-news programs, is Avram Westin.

CBS

The top man at CBS is Chairman of the Board William S. Paley. The CBS News subsidiary is run by President Richard S. Salant.

NBC

Robert Sarnoff is president, chief executive officer, and chairman of the board of RCA.

The president and chief operating officer of NBC itself is Herbert S. Schlosser.

Alien News Monopoly

The major broadcasting corporations employ thousands of persons in executive positions, but the seven men named above are at the key control points. They are the ones who have the ultimate decision-making authority. They dictate what 210 million Americans shall learn of what has happened in the nation and in the world each day. All seven of them — Goldenson, Rubenstein, Westin, Paley, Salant, Sarnoff, and Schlosser — are Jews.

Newspapers Too

After television, daily newspapers are the most influential mass medium in America. Sixty-two million of them are sold (and, presumably, read) each day.

Those 62,000,000 copies are divided between some 1,700 different publications. One might guess that the sheer number of different newspapers would in itself provide a guarantee against minority control of this important medium. Unfortunately, such is not the case.

Today, more than half the daily newspaper circulation in America is controlled directly, and the remainder indirectly, by Jews, a minority group which makes up only 2.9 per cent of the total population. This extraordinary and dangerous situation has resulted in the press in America becoming, for all practical purposes, an instrument of Jewish policy.

The use of the press by the Jewish minority to set the policies which affect the lives of all Americans could hardly be better illustrated than by the examples of the nation's two most prestigious and influential newspapers: the New York Times and the Washington Post.

New York Times

The New York Times is the unofficial social, fashion, en-

tertainment, political, and cultural guide of the nation. Its influence and ideas reach into every stratum of American life. It is sold in virtually every community in the United States.

The New York Times (originally New York Daily Times) was founded in 1851 by Henry J. Raymond (1820-1869) and George Jones (1811-1891).

Shortly after Jones' death in 1891, the newspaper experienced a drop in advertising revenue that forced it near bankruptcy. As a consequence Adolph Ochs, a wealthy Jewish publisher, was able to purchase the paper from Jones' estate in 1896 for a modest price. After Ochs' acquisition of the New York Times, advertising revenues rose dramatically.

The present Jewish owners of the newspaper, the Sulzberger family, are related to Ochs through the marriage of Ochs' daughter, Iphigene, to Arthur Hays Sulzberger in 1917. Their son, Arthur Ochs Sulzberger, is the paper's current president and publisher.

Washington Post

A close second to the New York Times in national influence is the Washington Post, which, by establishing its "leaks" in most governmental agencies in Washington, has an inside track on news involving the Federal government.

The Washington Post was founded in 1877 by Stilson Hutchins and purchased from him in 1905 by John R. Maclean.

In 1933, at the height of the Great Depression, Maclean was forced into bankruptcy, and the Washington Post was sold at auction to Eugene Meyer, a Jewish financier, for a trifling \$825,000.

The Washington Post is presently run by Katharine Meyer Graham, Eugene Meyer's daughter, who is the principal stockholder and board chairman of the Washington Post Co., and Larry H. Israel,

who is the president and chief operating officer.

The Washington Post Co. also owns Newsweek magazine and a number of radio and television broadcasting stations.

Instinct for Power

And the situation is even worse — if that is possible — in the motion-picture industry and other media. Jews, with an uncanny instinct for power, insinuated themselves into every nook and cranny of the communications industries decades before the profound influence of the media on public opinion and the democratic political process was generally recognized.

During the early part of this century they established their bridgeheads in the press, motion pictures, and radio broadcasting. By World War I they were already in a commanding position. In the period since 1945 they have tightened their grip on the mass media that they exercise virtual monopoly control.

Leading America by the Nose

Coordinating their business interests with their political interests, they have not only profited financially from their control of the media but they have used that control like a ring in America's nose to build power base for themselves which few dare oppose. They can make Congressmen and Presidents and — as Watergate has so clearly shown — break them at their pleasure.

This Jewish control of the American mass media is the single most important factor in our life, not just in America, but in the whole world today. And there is nothing: famine, inflation, fuel crisis, war — more dangerous to the future of our people.

Until this Jewish control of American public opinion is broken, continued misfortune, confusion, and decadence shall be our lot, and there can be no national liberation or regeneration.

NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

A confidential informant, who has furnished reliable information in the past, advised on December 9, 1974, concerning a public meeting sponsored by NYA, which was held on Sunday Evening, December 8, 1974, in the United Way Room of the Ramada Inn of Alexandria, 901 North Fairfax Street, Alexandria, Virginia. The informant said that there were approximately thirty people in attendance at this meeting.

The above source stated that the only speakers at the meeting on December 8, 1974, were Dr. William L. Pierce, Executive Director of NYA, and Dennis Warren Nix, NYA Organizer. The informant said that Pierce read a prepared speech which lasted fifteen or twenty minutes and which appeared to the source to follow the theme of Pierce's writing in the NYA tabloid newspaper, "Attack!" He said that Pierce's remarks included a proposal that the NYA sponsor a "school" where the children of NYA members and supporters could be indoctrinated according to NYA precepts. Nix, reportedly, spoke about the necessity for NYA to obtain maximum exposure by the mass news media and thus attract more people to the organization. It was noted that the NYA currently has ninety newspaper racks for the sale of "Attack!" in operation and expects to have one thousand across the country in the next year. It was said that there are several thousand potential new members in the Washington, D.C. area.

The informant mentioned above advised that in addition to Pierce and Nix, NYA staff members Charles H. McGuire [redacted] [redacted] were present at the meeting and assisted by [redacted]

He learned that a "working meeting" of the NYA would be held at the organization's offices, 703 23rd Road South, Arlington, Virginia, on Sunday, December 15, 1974, at 7:00 p.m., and that another public meeting is to be held during the first or second week of January, 1975.

The current "Attack!" editorial is entitled "Liberals, the Jews, and Israel" and alleges disaffection by certain "liberals" in this country for the Zionist position on the Palestine question. It states that Jews are "frantically" trying to head off increasing anti-Zionist sentiment by denouncing every manifestation of anti-Zionism as anti-Semitism. It suggests that "the changing tide of liberal opinion may cause the Jews to overreach themselves by attempting a 'final solution' of their Arab problem in the Middle East before they lose too much more ground in America". If that happens, it states, America will undoubtedly become involved in another war, but "it also might be exactly what is needed to change the present liberal ground swell against Zionism to a popular tidal wave against all Jewish influences in America".

"The Turner Diaries", a new feature beginning in the January, 1975 issue of "Attack!" is said to be the serialization of "an exciting, new book by ANDREW MAC DONALD". It purports to tell the story of a revolution by white people in 1981 against a tyrannical governmental system controlled by racial minorities. A WFO source close to Dr. WILLIAM L. PIERCE, Executive Director of NYA and Editor-in-Chief and publisher of "Attack!", believes "The Turner Diaries" to be "a new 'Mein Kampf'" written by PIERCE which outlines in fictionalized form PIERCE's own plans and aspirations for a right-wing revolution in America. Indeed, the current installment of this piece discusses the formation of the "Organization" which ultimately directs revolutionary action against "the System" and appears to be a fairly accurate portrayal of the organization and development of PIERCE's NYA and National Alliance.

WILLIAM LUTHER PIERCE

Dr. William Luther Pierce is Executive Director of the National Youth Alliance and the National Alliance.

The National Youth Alliance (NYA) and the National Alliance (NA) are characterized in the Appendix to this communication.

A confidential informant, who has furnished reliable information in the past, advised on January 6, 1975, that Pierce continues to make all policy decisions concerning NYA/NA and is sole arbiter with respect to material published in the NYA/NA tabloid newspaper, "Attack!". The source said that although Pierce has two paid employees on the NYA/NA staff, all vital matters and contacts are handled personally and exclusively by Pierce. He said that NYA/NA staff members concern themselves for the most part with public sales of "Attack!" newspaper, while Pierce personally handles writing, editing and publishing of "Attack!"; membership and subscriber lists; funds; correspondence; and other contacts with constituents and the public in general. According to the source, the NYA/NA staff is in almost total ignorance of Pierce's proposed plans and activities for the organizations until they become accomplished facts.

The above source disclosed that [redacted]

[redacted] and [redacted]

[redacted] are rapidly becoming disillusioned and dissatisfied by Pierce's autocratic leadership and are considering the possibility of organizing their own "action unit". Theoretically, the "action unit" would be formed with Pierce's approval for the purpose of implementing

The informant noted that Pierce had made an attempt to capitalize on the anti-Israel sentiment in this country arising from the critical Middle Eastern political situation and the resulting oil boycott by organizing the National Alliance for middle-aged and older people; by introducing a program of public meetings; and by offering "Attack!" for sale to the general public by means of newspaper vending machines. The informant noted, however, that the composition of the NYA/NA in general appears to be about the same as the NYA before the formation of the NA and that those attending the public meeting of December 8, 1974, were for the most part long-time, hard-right activists and sympathizers. He added that a plan to have NYA/NA members and "official supporters" attend "working meetings" of the NYA/NA staff was discarded after the second such meeting, which attracted only two individuals in addition to the NYA/NA staff. The informant indicated that approximately 80 to 100 copies of "Attack!" are disseminated on the street each day, about two-thirds of which are paid for. NYA/NA reportedly has some 50 newspaper vending machines in Washington currently, and it is hoped that the number will be increased to up to 100 machines.

According to the above source, Richard Cotten, author of "Richard Cotten's Conservative Viewpoint", Post Office Box 17194, Dulles International Airport, Washington, D. C. 20041, will be the featured speaker at the next public meeting sponsored by NYA/NA on January 7, 1975, at the Ramada Inn of Alexandria, Alexandria, Virginia. The source said that Cotten has a large personal following

of "reputable, conservative people" and that Cotten had sent out his own invitation to these people to attend the NYA/NA meeting on January 7, 1975. Cotten's invitation reportedly included a copy of the latest NYA/NA leaflet entitled "No More War!", which alleges that pro-Zionist policies of the American government promoted by Zionists in government and the powerful "Jewish lobby" threaten to involve America in a Middle Eastern "Armageddon". Cotten will speak on the topic of the Anti-Defamation League (of the B'nai B'rith) at the NYA/NA meeting on January 7, 1975.

The informant mentioned above also reported on January 6, 1975, that David Ernest Duke, leader of the Knights of the Ku Klux Klan, Box 1234, Denham Springs, Louisiana 70726, will feature three of Pierce's articles in a forthcoming Klan publication and had offered Pierce free advertising space for the NYA/NA in this publication.

David Ernest Duke, a former activist for the National Socialist White People's Party, is founder and Grand Dragon of the Knights of the Ku Klux Klan (KKKK), an unincorporated organization with the mailing address, Box 1234, Denham Springs, Louisiana 70726. Duke has disseminated material stating that the KKKK is a movement dedicated to preserving and enriching the western Christian culture and advancing the interest of the white race.

The National Socialist White People's Party is characterized in the Appendix to this communication.

NATIONAL ALLIANCE;
NATIONAL YOUTH ALLIANCE

The National Youth Alliance (NYA) is an organization originally formed from a nucleus of Youth For (George C.) Wallace supporters following the 1968 presidential election for the purpose of countering radical leftist and anarchist influences on the campuses of American colleges and universities. NYA currently is controlled by individuals who militantly promote white racialism and anti-Zionism and who suggest violent revolution ultimately as the means for implementing their racial and political ideas in America.

The February, 1974 (Number 25), issue of "Attack!", the tabloid newspaper published by NYA, announced the formation of a new organization called the National Alliance (NA). The new organization was described in "Attack!" as a "superstructure for an anticipated array of specialized, coordinate groups", of which NYA will continue as the youth group for individuals 30 years of age and under. Persons over 30 years of age wishing to join the "movement" must become members of the new organization. According to "Attack!", "* * * the National Alliance will remain generalized in its appeal and its membership and will guide and direct all the special interest groups * * *".

ACTION

IMMEDIATE PUBLICATION OF THE NATIONAL ALLIANCE

No. 38

December 1974

PUBLIC MEETINGS BEGUN. The first Washington-area public meeting in the Alliance's new recruiting program was held in Alexandria, VA, on the evening of December 8. Because of the press of work in the National Office and because of the anticipated effect of the holiday period on attendance, the next public meeting was delayed until January 7. It will also be held in Alexandria.

Thereafter, it is planned that meetings will be held no less frequently than twice each month. As the National Office staff grows, so that the work load on present staffers can be spread out, meetings will increase in frequency.

As with nearly all Alliance activities, our meeting activity is programmatic—i.e., it depends for its effectiveness not upon any spectacular, one-shot, hit-or-miss effort, but upon a continuing, repetitive program, yielding progress which may seem small at first, but which grows on itself, step by step.

It was because of this that the beginning of our public meeting activity was delayed until the National Office staff was strong enough to undertake meetings on a regular basis—and it is for the same reason that we can be certain of the long-range success of this activity, regardless of any temporary disappointments or setbacks we may experience with particular meetings.

Advertising for the first meeting was only by word of mouth and by flyers inserted into each copy of **ATTACK!** sold in Washington during the four days preceding the meeting. As a result, the hall hired for the meeting was less than half filled. Those attending were a good mix of new people and previous Alliance contacts, of male and female, and of all age groups.

Dr. Pierce was the main speaker, and his topic was "Who Rules America?" **ATTACK!** Assistant Editor Dennis Nix also spoke, on the deteriorating racial situation in the United States.

Speaking at the January 7 meeting will be Dr. Pierce, on the topic "Behind the Coming Crash: Minority Control of American Foreign Policy." Also speaking will be Mr. Richard Cotten, director of the National Documentation Institute and publisher of "Conservative Viewpoint," whose topic will be the role of the Anti-Defamation League of B'nai B'rith as an "enforcement" agency for keeping American business and political leaders in line with Jewish policies.

One continuing responsibility of all Alliance people in the Washington area will be attendance at all public meetings, regardless of any temporary inconvenience or interruption of other plans that this may entail. Each Alliance member or supporter should also endeavor to bring with him to each meeting as many friends, neighbors, relatives, and other potentially interested persons as he can. Although the primary responsibility for arranging the meetings rests on the National Office staff, the responsibility for building attendance at them rests on the entire Washington-area National Alliance/NYA community.

ATTACK! MOVING INTO COMMERCIAL NEWSSTANDS. In addition to our ATTACK! newsrack program, the Alliance is also beginning to place ATTACK! in some commercial newsstands.

Most drugstore newsstands could not handle ATTACK! if they wanted to, because they are dependent for their supply of periodicals and paperback books upon news wholesalers who refuse to let their retailers handle any independent publications. Needless to say, the wholesale news business is a tightly controlled Jewish monopoly in most large cities. This is not universally true, however, and there are still a number of independent newsstand operators in the country who can carry any publications they want.

Alliance members should seek out such newsstands in their own communities and try to persuade the operators to handle ATTACK! on a consignment basis. Don't look for "conservative" news dealers. Most "conservatives" are afraid of their own shadows and won't handle anything that looks "radical." The best bets are newsstands which carry a wide selection of non-standard periodicals—even Marxist literature and "underground" comic books—and have hard-boiled operators who are not easily intimidated and will carry anything which sells.

If the operator agrees to carry ATTACK!, give him 15 or 20 copies of the latest issue and tell him that when you come back next month with the next issue you will collect his unsold ATTACK!s plus 10 cents for each one he has sold. A big factor in determining the sales of a relatively "unknown" publication such as ATTACK! will be the prominence with which it is displayed. Try to talk the newsstand operator into putting ATTACK! in a favorable location on his shelves.

NO MORE WAR leaflets are available in unlimited quantities from the National Office. Leaflets remain the single most important medium for making initial contacts with new people, because they can be distributed in such large numbers. All members should keep a supply of current leaflets on hand at all times, so they will be available whenever an opportunity arises for using them. Whether you choose to strew them by the thousands from an airplane flying over your community and then individually to passersby or surreptitiously slip them into the magazines at local barbershops, you are advancing the cause of the Alliance whenever you use them.

TV EDITORIALS FOR DR. PIERCE. On December 23 and 24 Dr. Pierce appeared three times in broadcasts by NBC's Washington-area television station, WRC-TV. He rebutted an earlier handgun-confiscation editorial sponsored by the station. Dr. Pierce's remarks in favor of the individual American's right to keep and bear arms were widely heard throughout the Washington area and received an enthusiastic response from many persons.

The television station granted Dr. Pierce air time under provisions of the "fairness doctrine" of the Federal Communications Commission. Patriots often overlook opportunities for using the mass media to propagate their ideas. On the next page is a typical letter protesting a item of anti-American propaganda broadcast by a television station and requesting an opportunity for a rebuttal.

Following that, for your general interest, is another letter concerning the same matter.

Dear Mr. Bolden:

On Saturday evening, December 28, at approximately 7:30 PM, I saw a television commercial broadcast by NBC, about two minutes in duration, which was sponsored by the Department of Health, Education, and Welfare. The commercial was in the form of a monologue by a pretty, blonde girl performing calisthenics, and its propaganda message was, "Wouldn't it be terrible if America were all White?"

I am not fully informed as to what obligation, if any, NBC or WRC-TV is under to balance such propaganda by presenting material representing different points of view. I do, however, wish you to know that the National Alliance does hold a view directly opposed to that expressed in the HEW commercial which you broadcast, and that we would appreciate an opportunity to offer a rebuttal, or in some other way express our view, so that the public can be given a more nearly balanced presentation of opinions on the vital topic of the racial composition of America.

Dear Mr. Weinberger:

Last Saturday I saw a television commercial broadcast by NBC which was sponsored by the Department of Health, Education, and Welfare. The commercial was in the form of a monologue by a pretty, blonde girl performing calisthenics, and its propaganda message was, "Wouldn't it be terrible if America were all White?"

Of all the racist and destructive enterprises in which your department of the Federal government has been engaged recently, I don't believe I have seen anything which so clearly expresses the true motivations of you and your colleagues. You are to be congratulated for your frankness in this particular instance.

I am a little annoyed, I must admit, when I consider that, as taxpayers, the members and supporters of the National Alliance are obliged to pay part of the bill for you to produce and broadcast such vicious propaganda. It is because of this that I am moved to ask you the following questions:

- 1) Do you have a pamphlet, policy statement, or other available publication which clearly sets forth the aims and underlying philosophy of your racially oriented television commercials? If so, I will greatly appreciate your sending me a copy.
- 2) Do you have specific statutory authority to expend money for such propaganda activity? If so, please cite this authority for me.

SPRING IS COMING—A LETTER FROM DR. PIERCE

Dear Friends and Fellow Fighters for a New Order:

Our movement is emerging from a long, dry spell into a spring-time of renewed activity and growth. Much more will be required of each of us than in the past.

The Alliance has always been "extremist" in its views and its program, and this has kept the great majority of comfortable, lazy, and timid people away from us—even those who agreed with us in principle. Now, although the majority remains lazy and timid, though perhaps a shade less comfortable than before, a growing minority is realizing that the program of the Alliance is no more extreme than the situation in which we find ourselves calls for.

In the past the resources on which we could depend and, consequently, the personnel we could recruit and the activities in which we could engage were strictly limited by the unwillingness of most patriots to "get involved" in anything other than safe, comfortable, and undemanding club- or hobby-type political activity. In particular, there was an unwillingness to jeopardize jobs and social or economic status by doing or saying anything contrary to the norms imposed by the System.

Today that unwillingness is beginning, gradually, to yield to the realization that everything—jobs, status, savings, standard of living, even life itself—is in imminent peril of being destroyed as America continues down the road to ruin.

Today it is beginning to dawn on White Americans—even those in our incurably stupid and greedy middle class—that fleeing to the suburbs will not save them or their children from the planners in Washington who are hell bent on destroying the White race. Yesterday's "extremist" predictions of a mulatto America do not seem so extreme now.

Today more and more of those who desperately hoped that letters of admonishment and threats to vote for someone else would somehow make the traitors and criminals in our Congress mend their ways are realizing that only a firing squad can make honest men of them. They are realizing that all the polite, civilized, Constitutional—and safe—tactics in which they placed their faith have not worked and that maybe, just maybe, there is no way the present System can be patched up and salvaged. They are beginning to think the formerly unthinkable—that only a total revolution can save America from slavery and our race from extinction.

In other words, the cancer which has been eating away more or less painlessly at our insides for so many decades is finally beginning to hurt. Let us thank God for that pain, because it is the only thing which can convince most Americans that aspirin won't work and that surgery is necessary.

The pain will get worse in the months ahead, as America's racial, economic, crime, and foreign problems continue to grow, and the demands which the Alliance will make on all its members and supporters will grow accordingly. But, as the "American way of life" continues to collapse into ruin around us, we can at least be sure that all our efforts and sacrifices will yield a greater growth for the Alliance than ever before. And in that assurance we can better endure the growing pain of America's cancer, for we know that, even in this winter of agony, the springtime of a new birth is beginning to take shape.

Richard Cotten's CONSERVATIVE VIEWPOINT
P.O.Box 17194, Dulles International Airport
Washington, D. C. 20041
January 3, 1975

Fellow American:

With my apology for the short notice, I thought to advise you that I will be speaking at the National Alliance meeting in Alexandria this Tuesday, January 7th. As you are probably aware, the National Alliance is an adjunct of the National Youth Alliance, an organization that is doing quite a remarkable job under Dr. Pierce's leadership. The manner in which they have managed to get their publication, *Attack!*, on newsstands throughout the Capital is truly quite remarkable.

Dr. Pierce has done a remarkable job of exposing the *Masters of the Media*, and it is due to this that I will be speaking on the A.D.L. All too few Americans fully understand how it works. We had better learn.

The meeting time is 7:00 pm, Tuesday, January 7, 1974. The meeting place is the Ramada Inn of Alexandria, 901 North Fairfax Street, just south of National Airport, in the United Way hall, on the second floor.

I believe a \$1.00 donation is in order, for any further information may I suggest that you call the National Alliance, Box 3535, Washington, D. C. 20007, telephone 525 3223.

Mrs. Cotten and I will hope to see you there.

Sincerely yours, FOR GOD AND COUNTRY,

Richard B. Cotten

What It's All About!

We believe that in the last few decades, America has lost its meaning to most White Americans. And with this our people have lost their sense of identity — their feeling of belonging to something bigger and greater than themselves. In our time it's become, more than ever, every man for himself — dog eat dog!

But none of us are just isolated individuals. We are something more, because each of us is a part of his greater racial community. Just as every Black person is a part of his Black racial community, we are a part of the overall White racial community here in America.

With this awareness comes a solid sense of identity, of who we are in relationship to the rest of the world.

Without this awareness it's just a big, empty rat race.

We believe America's greatness lies in the White man's confidence in himself and in the Manifest Destiny of his race. We believe this is what our founding fathers had in mind when they founded this country.

Now, through mis-education, we have no roots in the past and, therefore no responsibility to the future. A psychologist would say we're "alienated."

This is a bad state of affairs. It results in unhappy people and a sick society.

The politicians in the government are concerned about America's problems only to the extent that they influence the next election. They are captives

of the media, minority pressure groups, and their own greed and ambition.

With people like that running the country, it's no wonder the schools are failing to instill pride of race, culture, and nation in young Americans.

And we're suffering in a more dangerous way from our loss of identity. In 1900 White people constituted 85 per cent of the total American population. Now in 1975, we're down to only 70 per cent of the total. With the current birth rates of non-whites, the non-white immigration policies of our government, and to a lesser degree mixed marriages, the United States will be approximately one half non-white by 1990 — that's 15 years from now.

The National Alliance is made up of White Americans who are working to build a White racial community. This is the only alternative to the genocide being committed on our people. We have to work for ourselves — no one else is going to do it for us.

Right now the National Alliance's task is to grow — and continue growing and becoming stronger. That's why we're holding meetings in this area. We want you to attend to see what it's all about. Then we would like you to join with us.

Together we can build a better America!

Attend the meeting announced on the opposite side of this flyer. Or if you can't possibly do that at this time, at least learn more about us.

It's your future, too.
